## JUST PUSH THE BUTTON

There's no monkeying around when it comes to photography and Susy has a keen eye on what she's doing. Gazette photographer Al Popil got the photo on a recent visit to the Canon service centre, located next door to Noah's Ark Pet Centre. Canon service manager, Sam Mitsugi, helped out by providing the camera with which the three year old chimp could practice her photographic skills.

## Shell property gets first reading

Several of city council's most enduring development proposals are grinding slowly to a procedural conclusion this month after years of negotiation, compromise and the occasional court battle. And so it was that council found itself Monday night confronted by an agenda which called for decisions to be made on three of the most tenacious issues: the Shell property, the Grandin Mall re-development and the long disputed commercial property at the corner of Grandin and Gordon.

The Shell property, located at the corner of Sir Winston Churchill Avenue and Fairview Boulevard has had a long history. Residents of

Forest Lawn have long decried the fact that a commercial lot was allowed to exist in their residential neighborhood. At first, residents thought the property unkempt, and said so to their elected representatives. Then Shell came forward with a plan to develop the lot commercially as a shopping centre, with a service station. Residents of the area acted through the Forest Lawn Association to fight the development. As a result of negotiations the service station was deleted from the proposal. The Shell concept then went through the planning process, emerging from MPC with approval to proceed. However, residents

united to state their opposition and council rejected the proposal. The refusal to permit commercial develop-

## Business tax changes proposed

City staff have come up with an amended business tax formula and city council took a look at the proposed amendment to the bylaw on Tuesday, when council reconvened to complete its agenda.

Council was told that although the formula has been amended, the amount of money raised was the

same as under the old bylaw and that merely the method of distribution would change.

After some discussion as to whether there would be time for the Business and Industrial Advisory Board to study the document it was decided that first reading of the new business tax bylaw should be given and that Please Turn to Page A2

## City gears up to fight annexation

When it re-convened yesterday evening, St. Albert city council took the first step in combatting Edmonton's attempt to annex this municipality. In order to effectively oppose the Edmonton bid, council agreed to appoint a steering committee. In proposing the committee, Mayor Ronald Harvey said the city meant to fight the annexation and that he would like to hear from citizens who disapprove of this position. Those who approve may feel free to circulate petitions or take other action to fend off the annexation. Ald. Thronson said a strong team was needed to stop the attempted "grab" of this city.

In an effort to sound out the opinions of St. Albertans on this issue, Ald. Breadner moved that an appropriate question be circulated to which residents could respond. The motion carried and will be sent to the Steering Committee.

Ald. Bill Shields had some other comments about the annexation, and he rapped Edmonton for its secrecy. Mr. Shields said that Mayor Cec Purves has been stating that annexation would be a great dollar saver for St. Albert, but that Edmonton would not produce the documentation to prove it. The alderman referred to the Edmonton annexation effort as a "cloak and dagger routine."

Mr. Shields also expressed concern about schooling, asking if the Edmonton Public School Board had been consulted about the impact the annexation would have on it. He said schools are being emptied now with the fall in the birth rate and posed the possibility of St. Albert children being bused into inner city Edmonton to school. He said he would like to know the views of the school board on the annexation.

## Green light for Grandin Mall Hotel

The redevelopment scheme for Grandin Mall is one of three long-lived development proposals that city council is seeing to a conclusion this month. The controversy over what form redevelopment of the shopping centre should take has been going on since 1971, with a number of schemes dismissed because of resident complaint, incompatibility with zoning and concerns about access. However the council gave third and final reading Monday night to a plan by the Mall's owners to revamp the premises with the addition of a hotel, a tennis court and underground parkade.

Ald. Liesbeth Bakker said that while residents were vocal on those aspects of the proposal of which they disapproved, they did not reach a consensus of what they would prefer to see on the site. She said she had opposed first reading on the grounds that more input was

needed concerning the residents' preferences. She asked the residents to suggest alternatives, but said this did not take place. She stated that everyone was aware of the zoning of the site and should have realized appropriate. Please Turn to Page A 5

## Shell property bylaw

Continued From Page A-1  
to court, saying the lot was a commercial lot on which Shell had been paying commercial taxes. The company claimed it was illegal to zone down the lot under such circumstances. The city says the issue is still unresolved and so brought a bylaw forward restoring a commercial designation to the property. This bylaw was given a public hearing Monday.

First to speak were residents of Forest Lawn. John Arnot, who is principal at a Grandin school, re-iterated the arguments against commercial development close to schools, and cited figures to validate them. He said that when a convenience store comes into the picture, the situation becomes a threat to the "high quality lifestyle" enjoyed in the area, and if the city decides to approve a project which threatens to diminish the quality of life, it

is contravening its own general plan.

Following Mr. Arnot, Mr. Tom Sentes and Mrs. Katherine Brown expressed their opposition to the development, referring to the overlapping services provided by existing food outlets and the problems that any food outlet would cause.

Mayor Ronald Harvey then asked if any Shell representatives were present to speak. There was no response and the public hearing was closed. However, it later emerged that the Shell representatives were indeed present and has been conferring at the back of the council chamber, unaware that they had been called. However, after consulting City Solicitor Stan Brown, Mayor Ronald Harvey did not move to re-open the hearing, as it would have constituted calling another hearing, and as such the city would have to go through the correct process of advertising.

After some discussion, the bylaw was given first reading. Council made several suggestions to staff to incorporate into development agreement negotiations ... These include the installation of a push-button crossing light, the elimination of a food outlet, 10 o'clock closing and a promise to build the commercial component before the residential.

staff should advertise in a local newspaper that the bylaw is under review. A copy of the revised bylaw will be kept at City Hall for members of the public who wish to peruse it. Input from the Chamber of Commerce will be obtained at a special meeting to be called later.

Mrs. Bakker then moved that a copy be sent to the Business and Industrial Advisory Board for comment and recommendation. The motion carried, as did first reading.

The St. Albert RCMP Detachment reports a busy week but nothing serious to report. Again they have been out in force in and around the City of St. Albert with radar operations.

## Council approves Viscount project

After hearing a bevy of development proposals for the controversial lot at Grandin and Gordon Viscount Developments over a two year period, city council Monday night moved to accept a recommendation of the MPC and approve the latest proposal. This calls for a multi-residential housing project with one single family home. The design proposal

was made by Mr. J. Skvaril, the architect.

Aldermen commented that the design was pleasing and that it was satisfying to find a solution for this problem property. They approved the rezoning of the property from highway commercial to multi-residential.

A public hearing on the proposal is slated for May 7.

## Spring Fling tickets available

## St. Albert youths injured in Edson crash

Two St. Albert youths were among those injured in a seven vehicle accident four miles east of Edson on the McLeod River Bridge.

The mishap, which occurred about 8 a.m. Saturday, also claimed six lives, injured four seriously and four with minor injuries.

Eighteen year old Randy Bullock of St. Albert is in the Royal Alexandra Hospital in Edmonton, while Jeffrey Coombs, aged 17 and also of St. Albert, is in the Edson General Hospital. Both received serious injuries in the mishap.

The pile-up involved one tanker truck, one empty auto carrier, three passenger vehicles and two panel vans.

Dead is the driver of the car carrier, 38 year old Michael Szabo of Thorhild; Dean Lyon Chandler, 21, of Edmonton and Harold Gumz, 21, also of Edmonton, both in one van; and three Prince George, B.C., residents, Russell Graham, aged 39, Barry Russell Graham, 18, and Lisa Meredith Graham, 12.

Bernard Dobbler, 24, of Edmonton, and Donald Patterson of Fort Saskatchewan are both in serious condition in the Royal Alex.

RCMP believe the crash began when one or more vehicles began passing manuevers in swirling snow. It is also believed that a head-on collision triggered the seven vehicle chain reaction.

## ERPC open house to be held tomorrow

The attention of St. Albert readers is drawn to the Open House advertised elsewhere in this issue.

The event, sponsored by the Edmonton Regional Planning Commission, will be held on Thursday, April 5 in the Club Mocombo from 2:30 - 10 p.m. and, in their own interests, St. Albert residents should make a point of attending.

St. Albert is included in the Edmonton Regional Plan, a draft copy of which will be on view at the open house. The plan will have a impact on the future of our city and all residents should take the opportunity of inspecting it

and learning how it will affect the future of St. Albert and its residents.

Important issues are involved and prior knowledge of the plan and its implications will be invaluable when public hearings are held in May and June.

There will be slide presentations, followed by discussion, at 2:30 p.m. and at 8

p.m. during the open house. If attendance at these times is not possible, members of the St. Albert Planning Services and the Edmonton Regional Planning Commission's staffs will be on hand during the afternoon and evening to discuss the proposed plan for the region as well as St. Albert's own General Plan.

## Woodlands Phase Two decision deferred

Having weathered the planning processes through stage one of their development, representatives from Carma developers were on hand for Monday night's council meeting to seek a zoning change that would enable them to proceed with Phase Two of the Woodlands project. The Carma group came well prepared for council's questions, bringing in several spokesmen and a barrage of supporting figures.

Bill Bryer, of Bryer Consultants told council that the lots with reduced frontage, the most controversial feature of the proposal, met the city's requirements. He said Carma would like to be permitted the same degree of flexibility as in Phase 1. There are six such lots in the phase two project.

Council was told that those responsible for design had tested the smaller 56 foot lots for the ease with which they accommodate housing and the lot had proved adequate. He commented that a large percentage of lots in Edmonton are under 56 feet.

Transportation has been a key point in the Woodlands discussions and Ald. Bakker inquired as to whether

Carma would be willing to help pay for the 149-156 Street linkup in the event it is not built by the time the development is to come on stream. Mr. Roop of Carma said that the city and the province had arrived at a funding formula and he could see nothing to hold the construction up.

Ald. Thronson moved first reading of the bylaw to remove the lands in question from Development Control and amend the zoning bylaw. During the ensuing discussion, Ald. Bakker said she had requested an overview of the implications of reduced frontage lots from MPC and that this had not been done. It was proposed that the bylaw should be given first reading, with second reading to await an overview on the irregular lots. However, Ald. Smith moved that first reading be deferred until more information was forthcoming on the irregular lots and the 149-156 Street links. Ald. Bakker commented she would prefer to see any flexibility built into the bylaw rather than having to give ad hoc approvals of each irregularity. The deferral carried.

## Deliberations in the Doldrums

Monday night's meeting of council dragged remorselessly on from 7:30 p.m. until the mandatory adjourning hour of 11, resulting in a reconvention of the meeting Tuesday. On Monday evening aldermen heard a wide range of opinions; took in stacks of statistics; listened to numerous requests and aired its own opinions. And it is these unlimited expressions of opinion with which this editorial takes issue.

It is obviously necessary for members of council to make their position, both collectively and individually, clear beyond doubt. However, this can be carried to absurd lengths. For every motion proposed, we are treated to a recitation from each alderman or alderwoman as to why he or she will or will not support the proposal. Regardless of whether three other aldermen and the mayor have already expressed an identical opinion, we are given a precise re-iteration of the same points to which we have been listening for half an hour. Surely, a simple declaration that one's reasoning is similar to that already expressed would be quite sufficient.

It is unfortunate that some aldermen take this opportunity to do a little political grandstanding at the expense of the public, the press and those involved in matters under discussion. Robert's rules do not require endless justifications and re-iterations and their continued use at council meetings only slows down the business of the city and speeds up the rate at which the public grows cynical about their politicians.

# TO THE EDITOR

## EDITORIAL COMMENDED

I must hasten to commend the Gazette on its editorial of March 28, 1979 "The Gazette Reflects." The varied subjects which is touched while elaborating on its main theme appealed to the intelligence of the reader, asking for understanding and appreciation of our great country and the freedoms we are all able to enjoy.

When our family left Edmonton to work in St. Albert in 1962 as entrepreneurs, we realized that we were following the "boom" which would bring changes in the small town for which we had so much admiration. We hardly realized how far the initial changes would take us all, as people flocked in and there was no turning back.

The residents of that early era must have felt the concerns now experienced as new problems come from all sides and enormous problems face the administrators. As years succeed years, as municipal, provincial and federal elections follow their course, citizens can only live on the hope that a bit of Christmas spirit remains throughout the year and that St. Albertans will live side by side in a Christian manner. We should realize with some comfort, that we on earth are only human and be grateful in the knowledge that there is someone up there who is greater than any earthly leader.

## Response to MP's poll is clear-cut

When Pembina MP Peter Elzinga decided to poll his constituents by questionnaire, the respondents certainly weren't coy in their reaction. Mr. Elzinga received over 2,800 replies to his questionnaire, a return considered very high by market researchers and pollsters.

On the question of amending the constitution, 94 percent of respondents said that any change to the constitution should require the full consensus of all provinces.

Predictably, 92 percent of the respondents said they would favour a policy which would allow homeowners to deduct mortgage interest and property taxes from their taxable incomes. The respondents also had definite ideas about welfare recipients with 91 percent stating that able bodied persons should be required to do public service work in order to receive benefits.

The ticklish question of strikes in essential services of the public sector also brought a clear response, with 80 percent saying such strikes should not be allowed. Although less definite on the subject of abolishing the capital gains tax, the response was still clear-cut. Sixty-four percent favoured

abolition.

The respondents seemed somewhat indifferent to the increasing use of Social Insurance Numbers in various government depart-

ments. Only 63 percent frowned on the practice, while 37 percent were not concerned.

The entrenchment of the Bill of Rights in the con-

stitution was the only area in which respondents were split down the middle. Fifty-one percent did not favour entrenchment, while 49 percent did.

## Weather-migraine link to be researched

A research project to examine a link between migraine headaches and the weather has been announced by the Atmospheric Environment Service of Environment Canada.

Jointly undertaken with The Migraine Foundation, the study will attempt to cast some light on the widely held but so far unproven belief that certain kinds of weather can trigger or worsen an attack of the painful affliction which affects at least 20 percent of the population.

Some 200 volunteers are involved, including 150 provided through The Migraine Foundation and 50 from the Atmospheric Environment Service in Downsview, Ontario. The volunteers will provide information about when and how severely they have suffered migraine at-

acks and where they were in Canada at the time. Comparison of the answers with weather records is expected to clarify whether there is a relationship and, if so, what kinds of weather are responsible.

The \$6,000 study is headed by Atmospheric Environment Services climatologist, David Phillips.

Mr. Phillips pointed out

that if the relationship is confirmed, considerable help may be available to sufferers.

A preliminary report, covering the weather-migraine relationship from January to June, is scheduled for next September. At a later date, Mr. Phillips expects to produce a final report covering an entire year.

"Many attempts are going to be made by the Parti Quebecois and by their Anglophone sympathizers, as well as by the tenants of the 'let them go' philosophy, to convince us that all our political and cultural ideas must be based on the sacred simplicity of nationality and the purity of ethnicity and culture. Similar efforts will be made by the last-ditch defenders of our 'great free enterprise system.' We must refuse these shop-worn ideologies. Cultural multiplicity and employee participation, on the other hand, are the wave of the future."

## DEVELOPERS MUST BE CONSIDERED IN URBAN PLANNING

### - Gazette Series -

As consideration is given to the proposal of the City of Edmonton for a massive annexation of land it should be remembered that the term "Annexation" in no way means "ownership" of the land acquired. In the urbanized area around Edmonton there are a great many owners of land, individuals, realtors, developers and companies. What annexation does mean is that lands annexed come under the control of the municipal government which is granted an annexation. A better term than annexation is boundary extension, which through annexation procedures may be acquired by a municipality without any payment for the land.

Sometime municipalities purchase land for development as needed later, and they may be assisted in funding for this purpose by Provincial or Federal governments, as a measure to keep land costs down.

However the report entitled "Public Land Banking" by S. W. Hamilton of the University of B.C. in 1974, and the Greenspan Report commissioned by the Federal Government and recently released, both reached the conclusion that public land banking does not hold down land costs. In considering new measures to assist the housing industry the Federal Government has eliminated government land banking. Measures under consideration by the Feds are global funding, a new role for CMHC and a change in the Income Tax Act to allow deductibility of carrying costs.

There are a spate of studies and reports coming off the presses dealing with the high costs of housing. The Alberta members of the Urban Development Institute, a developers organization, in reviewing the Alberta-Montana Housing Report; the Provincial Housing-HUDA Report, the Edmonton Task Force Report and the Housing Commission Report in Calgary, notes that "THEY ALL GENERALLY CONCEDE THAT GOVERNMENT INTERVENTION IN THE SUPPLY-DEMAND EQUATION IS THE SINGLE MOST SIGNIFICANT FACTOR IN THE PRICE OF LAND AND HOUSING."

Another concern of the developers - and they are the ones who put in subdivisions for municipalities - is the long, and in their view needlessly complex, procedures in approving development. A large development firm could have as much as 10 million dollars invested in land, which is presently taking as many as four years or more in some cases to get under development. Interest charges are going to be passed on to the costs of lots.

In the United States approvals go through in many areas in six months, so it is not surprising that many Canadian firms are getting into that market, and some of the large firms have stopped buying land in Alberta. Down there they make less profit per lot but can get as many as eight developments through in the same time it takes to get one through here.

### FAIR GAME FOR GOUGING

The other major concern of the developers trying to get subdivisions on stream is the ever-increasing charges made by municipalities for water and sewer servicing, roads, LRT, environment dedication, community focus buildings, parks including equipment, recreation facilities and so on.

The Edmonton chapter of UDI reports that the total amount of levies which are now proposed is \$10,430 per acre, and a spokesman for the Chapter said this week that every single family lot would go up from two-three thousand dollars overnight if charges under Edmonton's Master Plan were approved. Charges would include a \$2,000 per acre levy to gain 10 percent financing from developers for the over-all budget of the City of Edmonton for the next five years.

Procedures for appeal levies deemed excessive, or on zoning changes felt to be unjust are available under the provisions of the Planning act. In both Edmonton and St. Albert developers have won such appeals and in the case of St. Albert a citizens group was successful in appealing a zoning change considered to be at variance with the city's General Plan.

### THE HOMEOWNER PAYS

In any event the situation of the developer is an important consideration for all municipalities within in the Edmonton Met area, for all citizens interested in keeping the costs of purchasing a home at an affordable level. Municipalities are not in position to amass the very large amounts of capital needed to handle residential and commercial development - they must depend on developers. They can make them appear the villains and gouge them on dedication and levy requirements, and delay them for years in gaining development approval. But it is always the homeowner who pays.

Developers have been meeting with Edmonton aldermen to discuss their position on various matters connected with the proposed annexation and the problem of keeping costs down. The city is expected to announce the details of its expansion proposal within the week, which will more precisely spell out their intent.

Since developers maintain their own planning staffs, and it is no secret that these large private companies attract the most competent planners, it would seem reasonable for municipalities to abandon the "Adversary" approach and work more closely with developers, on the manner of the United States.

The City of Edmonton is saying that given a massive boundary extension, with more than adequate land supply, the market forces will work to bring land costs down. Cities should act to ensure a surplus supply, says Jack Poole of Daon Development Corporation.

In considering the Edmonton proposal and the position of developers within it, one factor is clear:

**Taking over St. Albert and Sherwood Park, which are almost fully developed within their present boundaries, cannot be justified in terms of providing Edmonton with more land for development.**

## '79-80 school year being finalized

Students and teachers in the Catholic School District will be looking at a school year next fall very similar to the present year if approval is given to a recommendation submitted Monday at the Catholic Board's regular meeting.

The 1979-80 year, which is now being looked at by the Policy Advisory Committee (teacher group), has 195

'operational' days which include 187 days of instruction at the elementary and junior high levels and 188 at the senior high level.

School will begin after the Labour Day weekend September 4 and end June 26. A 16-day Christmas break will run from December 22 to January 6. Spring break begins March 31 and includes April 7.

A parent/teacher interview day at St. Albert High School is about the only change from the 1978-79 school year. At the request of High School administrators a parent/teacher interview will be held in November (1st semester) and March (2nd semester).

The Board will make the decision April 23.

## ST. ALBERT GUIDES CALGARY BOUND

# Guides enjoy spring expedition to Calgary

Fifteen St. Albert Guides and three adults boarded the St. Albert Kinsmen Community Bus on Tuesday morning, March 27. Their destination? - Calgary!

The group stayed in Centennial House at Camp Jubilee, 20 miles west of Calgary. Jubilee is owned by Calgary Area Girl Guides of Canada. Centennial House is a new facility built to commemorate the 100th anniversary of the City of Calgary in 1977.

Tuesday afternoon was spent at the Glenbow Museum in downtown Calgary where the girls saw displays of arms and armour, Indians,

settlers, Mounted Police, paintings and sculpture, and even replicas of the Crown Jewels.

Wednesday, the girls visited the Calgary Zoo. Here they enjoyed lunch in the very pleasant Conservatory and Tropical Aviary, watched the giraffes wash down the walls with their long tongues, and even saw the bears get fed. They also visited the newly opened Interpretive Centre at Fort Calgary. Thursday morning the group visited the new Airport Terminal at Calgary before heading for home.

The trip was organized by Joyce Smith, Captain, 4th St.

Albert Guide Company for 11 Guides from Fourth Company and four Guides from Seventh Company. The girls were also accompanied by Mrs. Darlene Soper and Mrs. Doreen Golden, our driver.

All concluded they'd got almost enough sleep plus lots of singing plus lots of eating, which equals a great way to enjoy three days of Spring Break.

Our thanks are extended to Flo Naylor, hospitality chairman for Girl Guides of Calgary, who made us feel right at home. A sincere 'thank you' also to the Kinsmen of St. Albert for the use of their community bus.

### resident

At its annual meeting and banquet held recently in Lethbridge the Historical Society of Alberta honoured St. Albert resident Jim Parker for his outstanding contribution to Alberta's history.

Mr. Parker has been active as a teacher and author of Alberta's history and has served on several historical society executives, including the St. Albert Historical Society. He has lived here for 17 years.

His most recent task was a ways and means survey of the Alberta Historical Society.

A current project involves the compilation of the history of the Athabasca Oil Sands region for the Alberta Oil Sands Environmental Research program.

One of his most enjoyable responsibilities is serving as chairman of the Alberta Culture Regional History Awards committee.

Appointed as University of Alberta archivist in 1968, Mr. Parker lectures in archives administration, records, management, local and oral history.

## Performers needed

The Cultural committee for the St. Albert Summer Games is looking for people interested in performing at various functions and shows during the Festival '79 feature of the Games.

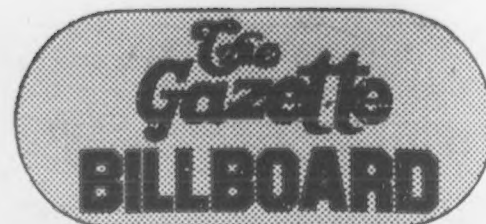

There are five main areas where people are needed. The biggest will be the Musical Historama, which is an outdoor musical show depicting the rich heritage of St. Albert. The show will use primarily residents of St. Albert for the cast.

Another feature will be the Showcase of St. Albert and Provincial Talent, which is a series of concerts which will be integrated into the total Festival concept.

The Coffeehouse will feature local performers, as will the Mini-Folk Festival.

There will also be an Ethno-Cultural component, highlighting ethnic performers and dancers.

If you are interested in performing in any of these areas, drop in to the Alberta Summer Games office in the basement of the Percy Page Centre on Mission Avenue, and fill out the necessary form.

## Travel Tips From Farlie

Photography by fraser's

Did you know that when you make plane, train or bus reservations you can pick up your ticket from Farlie Travel at no extra cost? John and Terry Farlie have been in St. Albert for a year now at 11 Perron Street, formerly the location of Helten Travel. "Farlie" is John's nickname with the Edmonton Eskimos, where he has played safety for six years (P.S. He's still at it - training camp opens May 28). He's now Farlie's executive director, and will combine football with his duties as travel consultant. Terry Meyer Farlie, who was Miss Canada in 1975, worked as a writer in Premier Loughheed's office and as an account executive with J. Ford Advertising Ltd. before becoming Farlie's president. John and Terry are always pleased to sit down and talk to you about your travel plans.

## Local Scout wins Chief Scout Award

On March 30, Laine Pickle of St. Albert received the highest scouting honour -- The Chief Scout Award.

Eighteen other boys from northern Alberta were also recipients of the same award.

Presenting the awards at Government House, was Lt. Gov. Ralph G. Steinhauer.

Laine, a member of the Third St. Albert Troop has been in scouts for nine years. He has been trying to earn this award for the past two or three years but said, "I really started to work hard at it this year."

One of the requirements for the honour was the accumulation of 50 hours of community service.

That, said Laine's mother, was the biggest part of earning the award because, "it's a lot of hours for a young boy to volunteer, and it's not easy to find that many places to donate time."

Much of Laine's service time was spent at "cub camp," helping younger boys. He also helped out at cub car rallies and spent time shovelling snow for the church.

Laine was also chosen to give a speech at the ceremony on behalf of the other scouts. This posed a slight problem as he was out of town at the time this decision was made and only found out he was on the program, as speaker, a few hours before the event.

Laine, however, was up to the task and performed admirably when called upon. He spoke of his own sense of achievement and that of the other boys'. He mentioned also the help and encouragement received from his family, leaders and fellow scouts.

## Author to visit local library

Alberta Culture in co-operation with the Library Association of Alberta will celebrate the National Book Festival by sponsoring a tour of Alberta authors throughout the province from April 1 to the 8, 1979.

Of special interest to St. Albert will be the appearance of Willard Reese, author of "The Money Tree," at the St. Albert Public Library, 4 Glenview Crescent, Wednesday at 2 p.m., April 4, to give readings from his book.

A total of 19 authors will visit 17 Alberta communities

with the view of exposing residents to a variety of works published by Albertans.

John Patrick Gillese, director of Alberta Culture's Film and Literary Arts Branch, commented that, "The tour reflects the theme of this year's National Book Festival: 'Enjoy reading about us.' "We believe, he added, "that bringing Alberta authors to audiences throughout the province will encourage readership of books written by Albertans."

## Girls preparing for Strawberry Festival

Mackenzie District Guides Brownies, and Busy Bees have been very busy these last few weeks, preparing for their one big fund raising event of the year.

The annual Strawberry Festival and Bazaar will be held Saturday, April 7. Doors open at 11 a.m. with a 2 p.m. closing time. Held in the St. Albert Community Hall, the Festival has something for everyone. At the bake table all your Easter baking can be purchased. Craft tables, with a fine selection of crafts made by mothers and girls are always popular.

The Fish Pond for brothers and sisters is always a hit. Guides and Brownies can test their baking skills in the baking-contest, judged this year as in the past by the

owners of St. Albert's two bakeries with two teachers from our schools assisting.

Downstairs you can rest your feet, and enjoy tea or coffee with shortcake, proudly served by the Brownies.

A door prize will be awarded at 2 p.m.

Mackenzie District Guides would like to invite everyone to come have tea and support the Guiding movement in St. Albert. Proceeds are used to train new leaders, and pay babysitting and travel expenses and camping costs for all members.

Mothers with crafts are reminded of drop-off points for Wednesday and Thursday. They are at 26 Flint Cres., 27 Amber Cres. and 24 Balmoral Drive.

# Fred Tetarenko retires after 20 years service

By the time Gazette readers see this story Chief Fred Tetarenko will be savouring his retirement in Vernon, B.C. And a well deserved retirement it will be. Mr. Tetarenko served the city of St. Albert for 20 years, and saw the city pass through a number of changes.

Married with a daughter and son, Fred Tetarenko came to St. Albert from Jasper Place. At the time of his arrival, St. Albert boasted a population of 2,000 and one fire truck served the needs of the whole municipality. The truck was then housed in the public works garage. Mr. Tetarenko was the first and only paid fireman at the time he took the position. The chief wasted no time, however, in making sure he had ample manpower to handle any fires which might come up. He organized the entire volunteer unit, which consisted of 15-27 volunteers at different times. In 1964, the city hired another full time fireman to assist the chief and another in 1970. When the station went to 24 hour coverage, two more professionals were added.

Fighting fires was a straightforward affair in the St. Albert of 1969. Chief Tetarenko recalls that no addresses were needed to tell the location of a fire. A mere "there's a fire over at Joe Blow's" would suffice.

Chief Tetarenko made major contributions to the cause of fire prevention in St. Albert. He felt that this was a primary role for the fire

department and set about educating the residents of St. Albert to the dangers and hazards they might be overlooking. On his own time he conducted classes of Girl Guides and Scouts as well as the babysitting course members to instruct them in fire prevention.

Mr. Tetarenko is strong in his beliefs on the necessity of fire prevention. He asserts that it is more than a matter of public relations and that it requires co-operation between the fire department and members of the public and the business community. In addition to the educational contribution, the chief was available to homeowners who sought advice on potential hazards or smoke detectors. Needless to say the chief is an ardent supporter of the smoke alarms. He was awarded certificates of appreciation by the city on more than one occasion for his work in this area.

## BIGGEST BLAZES RECALLED

One of the biggest conflagrations that the chief can recall goes back to around 1960, when the Dairy Barn at the Youville Home was scorched by fire. However, the local firefighters saved the barn, with the help of some Edmonton fire trucks. It was the only time in his career here that Edmonton was called in to assist. The milk processing plant at the Youville was salvaged for further use after the blaze.

Another memorable fire

took place in 1968 when the Bruin Inn kitchen caught fire. Although the fire zigzagged, thwarting attempts to snuff it out easily, the two full time firemen were able to extinguish the blaze. Mr. Tetarenko said that fires involving people were a far more disturbing thing to combat than those where only property was at stake. He put the blame for many fires at the door of the homeowner, apartment dweller, business owner or landlord. In other words, human error is the main culprit.

When he wasn't deeply involved in matters pertaining to the fire department, Fred Tetarenko was involved in other community oriented projects. The Breakfast Lions know him as a charter member. He introduced fastball for kids and arranged sponsorship for a bantam league hockey team. During the Rodeo he took part in the raffling of silver dollars to fund hockey and baseball and directed the operation of a first aid and lost and found booth at the Kinsmen Rodeo.

Chief Tetarenko commented to the Gazette that managing a fire department for a town that grew at the rate St. Albert did was not exactly all beer and skittles. The need grows rapidly, while the number of available men and trucks increases slowly. He commented that even now, the department is working with two trucks when it should have three. The third truck is

on order at present. The chief commented that one of the trucks is ready to be "pensioned off" as it was bought in 1959.

After such a rigorous

schedule, Chief Tetarenko is looking forward to his retirement and a more leisurely pace it brings. He plans to spend some time in those two time honoured pastimes of

the lucky ones who have the time: fishing and golf. The good wishes of St. Albert residents go with him in his search for a big catch and a low score.

## A BLAZE OF GOOD WISHES

Chief Fred Tetarenko grinned for the camera as he enjoyed the gala send-off held for him Friday at the Club Mocombo. Fred has retired after 20 years with the St. Albert fire department.

## Speaker discusses 'what's possible' for Handicapped

Too many people tend to think of the handicapped in terms of what they are unable to do, rather than in terms of what they can accomplish. This theme will be central to the presentation by Dr. Percy Kinkaide, the Edmonton regional co-ordinator of Alberta Services for the Handicapped. Mr. Kinkaide will address the first annual general meeting of the St. Albert Association for the Handicapped, on the

subject of "What's Possible." The meeting will take place Monday, April 9 at the Percy Page Centre, 13 Mission Avenue. It will begin at 8 p.m.

Dr. Kinkaide has been instrumental in the development of a range of community-agency-operated services and in the delivery and development of a number of government operated demonstration projects. His work is recognized nationally

through his writings and public presentations in the areas of normalization, integration, community services, the right to life and other issues pertinent to the mentally retarded and physically disabled. Dr. Kinkaide and his family are residents of St. Albert.

The annual general meeting proper, which will follow the guest speaker's presentation, is open to the public. Annual reports will be given and an election of officers will be held.

## School board budget nears completion

The Finance and Audit Committee of the Catholic School Board will finalize the figures for District 3's 1979-80 budget at an open meeting next Monday. Meetings are held in the District Office on St. Vital Avenue commencing at 7:30 p.m.

Also near to completion is a five year computer budget model which the committee has been working on over the

winter months. It should be ready for submission to the Board early in May. The computer budget model will enable administrators and trustees to 'preview' the economic results of decisions they might make and how they might affect the District over a five year period.

District Secretary Treasurer Ted Baldwin says that once he has the model in place he will be able to apply variables (i.e. pupil/teacher ratios, grant formulas, salaries, etc.) which will be of assistance in planning for the future. This year's budget is being worked out by the 'manual' method and will be 'plugged' into the model as a guide post.

The budget will likely come before the Board for approval April 23 at a meeting which will also include a decision on Staffing and Housing, both of which are directly related to the budget as they involve pupil/teacher ratios and transportation.

## School board bus will be replaced

The Catholic School Board, on a recommendation from its Finance and Audit Committee, moved to replace the District's second bus, which has been out of service a few months. The old bus would have required several hundred dollars in repairs to bring it up to safety standards and Board members agreed that spending the money would be a waste on an old bus.

A maximum price of \$8,000 was set for the purchase and this, says Secretary Treasurer Ted Baldwin, should get them a three-four year old bus in excellent condition.

The new bus will mean a return of several extra-curricular activities that have gone into decline following the demise of the old bus.

A comparison with the Protestant District shows a slightly different approach to busing for these activities. District 6 uses only one bus but hires a full time driver. District 3 prefers the two bus system, using part-time drivers.

Purchase of the bus will take place as soon as possible to accommodate spring programs undertaken by the schools.

## General interest calendars available

The spring/summer calendar of general interest and other courses being offered by Grant MacEwan Community College is now available.

The calendars contain complete information about credit and non-credit courses being offered during May June and July/August as

well as about the Literacy '79 program, co-operative College /YWCA programs, the Summer Festival of Courses and horsemanship offerings.

# MacEwan students showcase talents

The second annual showcase of the Performing and Design Arts programs of Grant MacEwan Community College will be held Sunday afternoon, April 8, at the Jasper Place Campus. "Together Again" will feature instructors and students of dance, music, design arts and theatre production.

"Together Again" includes a varied concert of dance and music beginning at 2:30, to be followed by a reception and viewing of work by students of display and design arts.

Featured in the concert will be Grainne Holman interpreting in dance a vocal score sung by her father,

Opera Workshop Instructor David Astor; the Brian Webb Dance Company presenting selections choreographed by Modern Dance Instructor Brian Webb to music composed by Music Program Head Bob Myers; and students of Dance Program Head Charlene Tarver in a return engagement of "Wandering River Hall," danced to a suite of fiddle tunes composed and played by music student Calvin Cairns. Ballet Instructor Sonia Taverner has choreographed a lyric dance for three advanced students, to accompany a vocalise sung by soprano, Melody Boone.

The Renaissance Dancers of Wendy Albrecht, Dance instructional assistant, will present a minuet reconstructed and choreographed by Wendy for the Edmonton Symphony "Let's Go Dancing" concert of a month ago. Mozart's "Jupiter" Symphony has been adapted, for this occasion, to guitars, violin and bass by Peter Taschuk, classical guitar instructor.

Students of the Theatre Production program, in its first year at Grant MacEwan Community College, will contribute their skills in lighting the "Together Ag-

ain" concert.

"Together Again" takes place at the Jasper Place Campus, 10045 - 156 Street, beginning with the concert at

2:30. Admission is free, and all are welcome. Potential students are encouraged to come and view the culmination of a year's activities by

all programs offered in the Performing and Design Arts Department of Grant MacEwan Community College.

## Posters to feature Elk Island Park

Student artists and designers at the University of Edmonton will soon get an opportunity to earn part of a \$13,505 grant from Parks Canada.

Under its Parks Awareness program, Parks Canada has contracted with Dr. Walter Jungkind of the U of A's department of Art and Design to design and produce a number of posters dealing with features preserved within Elk Island National Park. When completed, the posters will be issued free to schools and libraries in the Edmonton area.

The contract is one of two to be awarded to Alberta groups this year, the fourth year of the Parks Awareness program. The other, for \$20,976, was awarded to the Calgary section of Interpretation Canada (Alberta). This group, supervised by Alan Crook, will stage talks and programs on national parks and their values to Canadians to interested groups and clubs; Y's, Canadian Youth Hostel, Alberta Children's Hospital, Field Naturalist Clubs, in and around Calgary.

Invitations were issued to about 125 conservation gr-

oups, technical schools and university groups in Alberta and British Columbia to submit conservation-heritage oriented ideas to the Parks Awareness program, said Parks Canada co-ordinator Fern Mailloux. "The aim is not so much to promote national parks and historic sites but to create summer jobs for students and to make people more aware of their heritage as Canadians," she said.

About \$70,000 will be spent this year on the program in the two western-most provinces.

## Guild show to feature handbuilding

Some of the work being used in the Arts and Crafts Guild show April 7 and 8 at the Lacombe Clubhouse include Raku and other handbuilt free form clay works.

Raku firing is an ancient process which has been revived and is being experimented with by many of our Guild members. A special clay must be used which is stronger and more porous, because handworks are fired directly in a pre-heated

crudely made kiln. In St. Albert, Guild members use such a kiln which has been built in Grandin near the city greenhouses. When the firing is going on it can be seen from the highway.

The result of such a firing is always exciting to those who participate. The final result is not predictable and the work involves everyone in it's back to nature approach. Participants must keep stoking the kiln with wood and objects being fired can be observed for various stages of readiness. The final result must be seen to be appreciated.

The public will have this opportunity to browse or buy various handbuilt or wheel thrown creations by attending our Guild show at the Lacombe Clubhouse April 7 and 8. The Lacombe Clubhouse will be open on Saturday from 10 - 4 and

Sunday from 1 - 4.

Remember our gallery store at the Art Centre is open Thursday night from 7 - 9 and Saturday and Sunday from 1 - 4.

# 'Rita Joe' hits highs and lows at the Shoctor

By Vicky Knight  
The irony of it must be as bitter as bile to any local Native people who might be taking note of Citadel happenings. There we were, a sleek, manicured opening night crowd, down at the old brass and glass, having our social consciences titillated

by the plight of the urban Indian. And while we looked on from our plush seats, suitably guilt-ridden, the real thing was taking place with relentless repetition only a block away. There are a hundred Rita Joes and Jamie Pauls in the squalor that is Boyle Street. Whether

or not the audience would connect downtown 97 street and its evesores with the drama being played out before them was questionable.

The very fact that such a play as George Ryga's "Ecstasy of Rita Joe" is showing in Edmonton says strange things about the contemporary role of art. Have we become so passive and removed that only the artistic representation moves us? Has the reality become so overwhelming that we can not take it in? It would appear so, or there would be few surprises in Rita Joe's story. People would have seen the reality that glowers at them from city streets. Art has evidently become more real than reality. The same phenomenon occurred with Roots, when Americans were more convinced of the evils of slavery by six hours of television than they ever were by the factual record of the reality. (Post Script: With the disaster at Harrisburg nuclear plant coming out after the release of The China Syndrome, we see the theory taken to crazy lengths--art preceding the reality.)

Although I have railed against Larry Schafer's stark, barren sets on more than one occasion, his style was used to great effect here. The unrelieved gray was infinitely discouraging, as it must be to those whose lives are bounded by it.

Tanya Ryga sang the music which she wrote for the production and accompanied herself on the guitar. We could do with seeing more of her on Edmonton stages. She has a lovely voice and has shown herself to be an able actress.

Although the Ryga play has some blatant structural weaknesses, the Citadel production deserves some laurels. The fact that it was staged in the Shoctor Theatre is praiseworthy, as it closes the Shoctor season on a thoughtful note, after a generally puffy series of plays. Director Randt Maertz and actress Susan Andre also showed courage in attempting the rather elusive Cree accent, and it was a gambit that paid off for Miss Andre's performance.

The play itself has elements of tedium. Actors tend to be left suspended at various points, compelled to emote wordlessly for long stretches in the spotlight. This happened a few times to Susan Andre, who appeared in the title role. Ms. Andre is a consummate actress and used the long minutes as well as she could, but had to resort to repetitive gestures to do it. She has to stand in the spotlight for an age, hands clenching and unclenching and face contorting, while Tanya Ryga sings the music she wrote to accompany her father's play. The agony that Rita Joe felt at this time was intense and required a spare treatment. It should not be prolonged.

The movement within the play is inherently awkward at times, a fact which is mildly irritating. The characters stand for long periods with nothing to do and then leap

into a frenzy of hyperactivity out of the blue. The uneven tempo is hard on continuity.

Despite the fact she is sometimes too high-powered, Andre's Rita Joe is funny, endearing and tragic. She ages fast in the remorseless life of the city, and her girlish exuberance is gradually replaced by harsh and cynical anger. When Andre builds up momentum she is capable of blowing everyone off the stage with her intensity and it is necessary for her to hold back for Rita Joe. This is a native girl, fresh from the peace of the reservation, thrust into the indifference of the city. It is a terrifying and bewildering experience and one which she would probably initially handle by reverting to the stoicism with which her people have met the white man's follies. Stoicism is a low key thing to portray and on a few occasions Andre comes on too strong.

In a play of social comment such as this there is a danger that the characters will become tokens, representing a collective rather than a unique individual. However, this Rita Joe is no cipher. Andre and Maertz have painstakingly developed the character, accentuating her Please Turn to Page A 15

## The Skeptics Tank

By Vicky Knight

The attitude of most of the scientific community and some members of the public toward the study of astrology has long baffled me. The subject seems to have an inexplicable power to make ranting fanatics out of otherwise reasonable people. An astrophysicist who will blithely propound on any number of unknowns--life on Mars, the atmosphere of Pluto--can turn around and denounce the teachings of astrology on the grounds that they are unproven. Scientific method and objectivity go out the window when astrology encounters irate members of its brother science of astronomy. Recently, at a meeting of the American Association for the Advancement of Science, astronomers called for a ban on association membership for astrologers and students of para-normal phenomena.

And the scientific community is not alone in its curious over-reaction. Those with strong religious beliefs can be vicious on the subject, perceiving this study of the stars as some threat to their belief in God and their own free will. The fact that astrology at no point asserts that man has no free will matters not a whit to these folks. Nor does the fact that a system like astrology is in no way incompatible with the belief in a deity. Pre-supposing the existence of a higher power or God which oversees our lives, surely he, she or it would have some method of organizing all the souls in His keeping. The stars would dictate basic framework of the individual's existence, such as personality traits, tendencies, skills, weaknesses. Within this framework man would live out his earthly life. Astrology does not claim to predict all happenings; it Please Turn to Page A 15

## Tax exemptions and the artist

Like Canadians, the Irish are all too aware of a lamentable tendency on the part of their artists to emigrate. As the CBS news program "60 Minutes" pointed out Sunday night, the Irish roam the globe in pursuit of a professional, economic and political climate more conducive to creativity than that of their homeland. Footloose Canadians are similarly motivated.

However, a program initiated by the Irish government has convinced some of that country's artists to remain on the "oude sod." In the interests of preserving and enriching the Irish cultural heritage, the government allows a tax exemption on all works of musical and literary composition by a resident Irish composer or writer. The income from any other work, such as conducting, performing, directing or commercial work is not included in the exemption.

The legislation has caused a bit of a rumpus amongst other groups of Irish artists. Actors say the law implies that they are not creative artists, merely interpretive ones. The government rejoins that a play script or musical score stays in the Irish cultural psyche forever, while an actor's interpretation, however brilliant, is temporal by nature. Where that leaves film actors, I don't know, because their performances are permanently recorded. Obviously, the definition of creative or interpretive is a moot point.

### IDEA HAS MERIT FOR CANADA

Despite the squabbling the scheme has brought about in Ireland, the idea of tax exemption for income from original Canadian works of art should not be summarily dismissed. Although actors may rail against the Irish system with some justification, they still stand to profit from the encouragement of more plays being written in which they can perform. Perhaps a different way could be found to define an original artistic work requiring that the work specifically serve in some way to strengthen the cultural fibres that form the national tapestry. A more explicit definition which covers a broader spectrum of artistic endeavours, such as visual arts, might be needed to more fairly determine the qualifications for such an exemption. If no definition could be agreed upon, then a council such as the Canada Council might be appointed to vet applications for the exemption. This last, however, would be the least desirable solution.

In either case, the exemption need not be seen as a financial drain. Given the current rate of production, the number of any original Canadian works created in anyone year is not overwhelming, so the ensuing exemptions would certainly not be so numerous as to seriously deplete budgets. However, it would be of a disproportionately great value to the artist who receives the benefit.

After all, various corporate and other institutions benefit from special tax shelters and their contribution is ultimately less lasting than that of the artist. This kind of funding is probably one of the less expensive ways of encouraging the arts. Another is forbidding the sale of Canadian books which have been imported from their US distributors and which are not liable to royalties. Coles and several other retail book chains use this ploy to avoid having to include the price of royalties on the price tag, unfairly allowing them to sell Canadian books at a low price, by withholding the author's cut. Tactics like the exemption and the protection of royalty payments are ultimately less expensive than random grants. If we intend to retain a unique cultural tradition, we cannot afford not to encourage our artists wherever possible.

## Rita Joe

Continued From Page A 13  
dreamy, head-in-the-clouds nature. It's an effective characterization because it becomes all too apparent that an Indian in Rita Joe's position cannot afford the luxury of dreams. In a middle class white girl, her dreaminess would give her a vulnerable appeal. For Rita, the ethereal aspects of her nature only leave her open to abuse.

Andre's performance when she refuses to return with her father to the reservation was powerful. The dreamer has become a street kid and the dreams

have become nostalgia. Her scorn for the more tolerant ways of her father is withering and her pain is as evident as a raw wound.

### KAUFFMAN EXCELLENT

John Kauffman was eerily good as David Joe. In the style of Chief Dan George, Kauffman's David Joe carried the tranquility of the wilderness with him, with immense dignity. The slow measured speech and gentle humour never added up to a caricature, as they might. We can see the dignity which so enrages Jamie Paul, who has only his rage to sustain him.

John Hamelin is Jamie

Paul and though no amount of makeup will ever produce an Indian from his caucasian features, his performance was taut and disturbing at times. However, he too, like Andre, occasionally overstated the case. Hamelin's wild laughter had a madness to it that makes the term 'howling with anger' chillingly applicable. However, his actor's crisp pronunciation was incongruous and he could have done more to convey a sense of black inner brooding. It would have a more menacing effect than some of the noisier expressions of Jamie Paul's frustrations.

In other roles, Wally McSweeney was convincing as the

well meaning, bewildered and slightly jaded social worker who runs the centre. Barbara Reese was appropriately smug in her denunciations of Rita Joe's morals and Michael Rae Cunningham was as menacing as a red-neck at a Klan cross-burning. (It is ludicrous that this young actor is making his last appearance for a while on the Citadel stage because of an edict from the immigration department which is forcing the Cunninghams' to return to the U.S. The rationale on which this department dictates who stays and who goes continues to elude me).

The Citadel production of The Ecstasy of Rita Joe is far

from flawless. However, despite any difficulties, it was a moving piece of theatre, and one which puts heavy demands on the actors. If it caused one

well-fled theatregoer to reflect for even a moment on the realities of life for some, it has been well worth the effort that has obviously gone into it.

## Six War Years reopens April 7

After three weeks at the Central Library Theatre, the Northern Light Theatre production of Six War Years re-opens April 7 at the Edmonton Art Gallery Theatre, for performances on April 7, 8, 14, 15, 21 and 22 at 7:30 p.m. There will also be a special matinee performance on Good Friday, April 13 at 12:10 p.m.

Six War Years is Scott Swan's sensitive new stage adaptation of Barry Broadfoot's bestseller of a few years back. Subtitled "Stories and Songs of the Second World War," Six War Years is the common-man's chronicle of Canada's role in the war, as captivating and deeply moving as it is simple and human.

Lesley Francis of the Edmonton Journal writes that "there's humour, pathos, compassion, bitterness, anger and confusion in this emotionally-charged play ... before it even begins the mood is set. War songs are rattling off the piano and in the background several skeletal figures watch silently - the people whose stories won't be told because they are the casualties. Already the tension is set between

the mad frenzy of having a good time and the ominous, ever-present sense of doom. This is carried through the play with a fine mixture of humorous and sad vignettes ... Six War Years is well worth seeing."

Many in the cast of Six War Years are making their first appearance at Northern Light. Featured are Bob Bainborough, Carla Calvert, Sandy Cowan, Ted Dykstra, James Forsythe, Elizabeth Moulton and Gwyneth Walsh. The adaptation and direction is by Scott Swan, with music direction by Angela Gann. Resident designer Allan Stinchbury has created the set and lighting, while Monica Boyd has designed costumes and hairstyles. Assistant to the director and stage manager is Timothy D. A. Crighton.

Tickets for Northern Light Theatre's Six War Years are on sale at all Bay outlets (downtown, Southgate, Londonderry - ph. 424-0121), the Students' Union box office in the Hub Mall (ph. 432-5145), and the Northern Light Theatre box office (ph. 429-3110). Tickets will be on sale at the door as available.

## The Skeptics Tank

Continued From Page A 13

merely points out what will occur if action is not taken.

I am not stating my unshakeable belief in astrology by pointing this out. I remain intrigued by it, but never having studied it in depth, I'm in no position to either buy it or scorn it. And neither are most of the critics I have referred to. I have yet to hear a scientist speak on the subject that has taken any trouble to examine or study it.

However, recently a book I'd heard about presented me with some persuasive arguments on behalf of star-power.

As the dean of American astrologers, Sydney Omarr is a veteran of a lifetime of skirmishes with scientists on the subject of astrology. It would amaze many to realize that in many of these confrontations, Mr. Omarr emerged the clear winner, while his opponents spluttered and made outraged noises in a most unscientific manner. Knowing this, I expected the best from Omarr's book My World of Astrology. He recalls his epic debate with Dr. Roy Marshall, director of the Fels Planetarium in Philadelphia. This radio confrontation drew so much attention that the sponsor withdrew the commercials and the station allowed the program to continue into the wee small hours. The good-doctor teamed up with the talk show host in an attempt to discredit Omarr and his beliefs, but the attempt failed. Omarr scored many points. Omarr's moment of triumph came when he quoted statements made by

Pulitzer winning science editor John O'Neil. In a letter to Omarr, O'Neil, an astronomer himself, said that he felt astrology merited further study and terms it one of the most important and neglected fields of scientific endeavour. O'Neil also gave astrology scientific definition, saying it is the accumulated and organized knowledge of the effect on man of the forces working from surrounding space. Gravity is one example of such forces. O'Neil goes on to say that while this idea flew in the face of Newtonian mechanics, it is in complete accord with Einstein's photoelectric theory, which states that the effect of a photon does not diminish with distance. He also finds support for astrological theory in developments in chemistry. The idea that different effects will be produced by different configurations of the heavenly bodies is consistent with findings that the properties of atoms are associated with the orbital architecture of the electron. O'Neil then combined science astrological theory and theology to speculate on an ordered universe, from dust to deity. Needless to say, Omarr's victory in the debate was assured, as Dr. Marshall was quite undone by this 'betrayal' by a colleague.

Omarr's book confirms something I've always felt: that it is premature and spineless summarily deny a need for more study in this area. Those who would ban it from public view are on a par with the Salem witch-burners.

Astrology should not be the exclusive territory of the "Have-a-drink-what's-your sign" crowd. It should be brought into the light of objective study.

Towns, George McGowan, Don Warrington and Brian Fryer, will be on hand at the St. Albert and District Chamber of Commerce Trade Fair to sign autographs and play their record. You can be the judge whether they make better singers than football players.

Headlining the entertainment bill will be Blake Emmons and his nine piece orchestra (of Funny Farm fame). Emmons, who will be performing one show Saturday and another Sunday, was signed for the Trade Fair by Genstar and Red Rooster stores. Both shows will be 90 minutes in length.

Each day the St. Albert School of Dance will perform a choreographed fashion show featuring a disco segment. This lively, entertaining and well-produced show features fashions from Dori Lynn Fashions, The Petite Boutique, Denim Den,

St. Albert Sportshop, Bon-neville Casuals and Armstrong's Men's Wear.

Kids have not been forgotten during the three day Trade Fair. Ronald McDonald will put on a 30 minute magic show (time to be announced) and "Crash and Flash," a well-known puppet show will perform for 40 minutes beginning at 2 p.m. Saturday.

Visitors to the Trade Fair will find several free give-aways including balloons for the kids.

It will be an excellent opportunity for area residents to see what the St. Albert business community has to offer, what they're all about and what they're doing in our community. You'll be surprised.

The Trade Fair runs May 4, 5 and 6 in the Perron Street Arena. By the way, things are shaping up, it's guaranteed to be the best yet.

Mr. Banks is a frequent guest conductor with the Edmonton Symphony Orchestra and has been responsible for the musical accompaniment of dozens of major international attractions.

Douglas Roche, progressive conservative MP, will

deliver the convocation address at the ceremonies to a graduating class of about 500 students.

The author of several books, Mr. Roche lectures and makes many television and radio appearances. His latest book, *The Human Side of Politics*, describes his life in parliament.

## Karen Kain to dance at Banff

Karen Kain, Canada's prima ballerina will be the sparkling touch to an exclusive appearance by six members of the National Ballet of Canada at the Banff Centre on May 4 and 5.

Entitled a Ballet Revue, Karen Kain will headline such stars as Frank Augustyn, Anne Ditchburn, Cynthia Lucas, David Roxander and Tomas Schramek in a medley of modern and classical dance.

Ballet Revue is the magic of dance mixed with the warmth of good friends and great dancers for an electric performance only being shown in Alberta at the Eric Harvie Theatre.

There will be two separate programs for each night but both will combine the exuberance of original choreography with the discipline of classical training. Nearly all of the original choreography is done by Anne Ditchburn. Please Turn to Page A 18

# Music ... as I hear it!

By Razbo

## 'Steeling' the spotlight

John and Norma Lacey were pleased at the response shown at their last Steel Guitar demonstration. The seminar was held in the St. Albert Legion Hall on March 25th. They figure about 200 people took in the day long affair, which featured some of the best area talent in the country music vein. It was sponsored by Panich Music of St. Albert.

John, who teaches pedal steel guitar locally, opened the seminar explaining a little of the history of the pedal steel. He even brought

a dobro and lap steel to give his talk a little more punch. John played a few numbers on Shobud equipment, to give the audience a feel of the instrument. Then it was nothing but good times and good music.

Singers like Willie Joe, Bill Hersch, Joyce Smith and Richard Chichak got up to structure songs, so that various steel players could play along. The day was dedicated to the steel guitar and featured these fine pickers in addition to John Lacey: Wayne Sketchley,

who plays with Larry Gustafson and does 98 percent of Royalty Records' work; Tim Jefferies of Prairie Fire, Paul Bartha a steel teacher, Garry Chevalier from the Country Classic, Lenny Belinski who plays with Hank Smith, Al Turcotte, formerly with Shannon Two Feathers, and an old friend of John and Norma's Jerry Robetaille of the Jerry and Jeanne show from Quebec. (They appeared at the Sportex all last week).

Westwind was dubbed the 'house band' and Bill Hersch provided some of the emcee duties. (Good job fellas!).

A big round of applause for the great job the musicians 'sans steel' did. John hopes that next time there will be time for better scheduling and a bit of rehearsing so everyone can get involved.

The highlight of the day was the steel duets and the steel trios. I'd never conceived of a steel trio, but it happened. Wayne Sketchley, Tim Jefferies and John Lacey combined for the performance. John is anticipating the next time, which should prove to be nothing short of excellent. Speaking of the next time, it could happen the first part of May. Stay tuned.

### SOME RELEASES

Here are some albums that

are on the shelves out there in "recordland" which I thought some of you might be interested in:

**Straight to the Bank** (Prestige) by Percussionist Bill Summers who you might remember for his work with Herbie Hancock and the Headhunters. Some good ideas are in evidence here, but the album has too much happening on it for my liking. Bill's band, Summer's Heat suits its name.

**Sun Bear Concerts** is a 10 LP set of Keith Jarrett. It was recorded during his tour of

Japan in November of 1976.

**Muddy "Mississippi" Waters Live** (Blue Sky) was produced and abetted by Johnny Winter and features James Cotton on harp.

**Secret Agent** (Polydor) is Chick Corea's latest and is basic Chick Corea.

**Touchdown** (Columbia) by keyboardist Bob James has such people as Eric Gale, on guitar, Ron Carter on bass, Ralph MacDonald percussionist, Hubert Laws on flute, and Jon Faddis on trumpet, but I wouldn't buy it just cause its got some good names on it.

Tom Scott is still bringing out (yawn) whatever it was he was bringing out before which (yawn) isn't all that exciting. Oh yeah, the album is **Intimate Strangers** (Columbia).

**Uptown Dance** (Columbia) stars Stephane Grappelli who plays a pile of mood music for that doesn't go anywhere. Too bad.

**Manhattan Symphonie** (Columbia) is a Dexter Gordon masterpiece. Gordon on tenor sax is joined by George Cables, a fine pianist Rufus Reid on bass, and Eddie Gladden on drums.

### 'STEELING' The Spotlight

Wayne Sketchley, John Lacey and Tim Jefferies stole the spotlight at the Steel Guitar Seminar held on March 25 in the St. Albert Legion. It is always a treat when there is a steel guitar player around - especially when he has his equipment with him. On Sunday, John set up a trio of steel players - all with their own equipment. Like John says, "It'll take a bit of work, we never tried it before," but it was great listening all the same.

## You don't have to go under.

Remember me... so confident nothing seemed wrong while all the time I was slowly going under? Well, things are looking up now, because I took some basic steps toward common sense financial management.

Here are some steps you can take too.

Build up an emergency fund. Learn to expect the unexpected in your financial life - and plan for it.

Don't abuse your credit card. Buying beyond your means can cause serious financial problems. Learn to use credit wisely.

Learn good financial management. Money problems can cause tension and create difficulties in your marriage. Work on a plan together.

Want things to start looking up for you? Try these three steps and send for The Before You Go Under Guide. It may help. Write to Alberta Consumer and Corporate Affairs, Box 1616, Edmonton, Alberta T5J 2N9

### Students offered tips on getting summer jobs

Students looking for work this summer should begin their search now to improve their chances of finding summer jobs.

"There will be a lot of competition for summer jobs and many employers have already registered their summer openings with Canada Employment Centres," said Reg Gates, director general of the Canada Employment and Immigration Commission for Alberta and the Northwest Territories region. Mr. Gates added that many jobs are filled before summer begins.

"Finding a summer job requires considerable thought and organization," he said, and there are some guidelines that will help to make a student's job search more effective:

- Apply for a Social Insurance Number. Application forms are available for local Canada Employment Centres, Canada Immigration Centres and Post Offi-

ces:

- Prepare a resume containing information on personal characteristics, previous work experience and education;

- List companies and organizations that might offer employment suitable to previous experience or personal preference and visit them as soon as possible;

- Establish as many contacts as possible, through friends and relatives, school guidance counsellors. Classified sections of newspapers and the yellow pages in telephone books will also provide sources for contact;

- Register at the nearest Canada Employment Centre. Job orders from employers are posted daily in a wide variety of occupations.

The Canada Employment and Immigration Commission will be sponsoring the Young Canada Works program, Youth Job Corps and Native Internship program.

These programs will provide work experience to students, benefits to the community, and an opportunity for young people to test possible career interests.

The Hire A Student program sponsored jointly by the Canada Employment and Immigration Commission, the Alberta Department of Advanced Education and Manpower and the Alberta Chamber of Commerce will offer placement services to students in 72 offices throughout the province. Last year the program found jobs for over 25,000 students.

The program encourages employers to hire students during the summer and counsels students on job search techniques.

Students wishing more information on summer employment opportunities should contact the Canada Employment Centre or Hire A Student office in their locality.

## Enterprise Column

Back to the old grind - hope everyone had an exciting week off. Not too much longer till summer holidays - only 60 some days to go. The weather isn't exactly co-operating with the coming of spring.

Our Car Wash that was to be held on Saturday was postponed in order to prevent frozen locks and doors, not to forget what could have been a frozen Enterprise group. We apologize to anyone who may have ventured up to Grandin Esso and hope it won't be too long before we can schedule another Car Wash.

Campers!!! Get yourself over to the Teen Centre. All those male, female, experienced campers and non-experienced, we would like to finalize some ideas on camping and canoeing trips. Also, we'll see about boosting our paddling credentials before we are dumped into the chilly May water.

SUDS! Anyone interested in acting, or helping us write, we meet every second Thursday and this Thursday is the day. Be at the Teen Centre after school. We are always able to use extra people, so drop down and see what we are up to.

The Arete Mime Troupe will be here April 10. Their performance is geared to all ages, teens should find it enjoyable - even if you aren't the "cultured" type. The tickets are available through Community Services or from Shawn, Brian or Lynn.

This is Shawn's last week. We will certainly be sorry to see him go. Thanks go to Shawn for his hard work and enthusiasm as well. We wish him all the best in his future endeavours.

## Birthday Party

The Royal Bank - 15 Perron Street, invites you to come help us celebrate our 7th birthday in St. Albert on Tuesday, April 10. Free coffee and donuts from 10 a.m. to 3 p.m.

Elim Chapel is pleased to announce that a Free Christian Family Counselling Service is available for St. Albert residents.

For appointment contact Mr. Harold Peacock or George Gumas between 7 p.m. and 9 p.m. on Monday evenings. Phone 459-5181.

All counselling sessions will be dealt with in strict confidence.

## Hey Everyone!

Did you know there is a coffee house in St. Albert?

Where - Grandin Clubhouse

When - Every Saturday night at 8:00 p.m.

Why not come on down this Saturday to the SOLID ROCK COFFEE HOUSE

We want to be your friend. If you're looking for people who care and will listen; come on out and have a coffee with us.

# Fashion show a great success

Five months hard work by the W.D. Cuts School Fund Raising committee culminated in an excellent "Spring Fashion Show" March 21. Committee co-ordinator, Mrs. White, told the Gazette that

## SAM students ready for annual operetta

Grade six students at Sir Alexander Mackenzie School are hard at work rehearsing their 1979 Operetta - "Many Moons." On Tuesday, April 10 at 7:30 and Wednesday, April 11 at 7:30 they will be performing for parents.

They did a portion of the operetta in the Kiwanis Festival and received first place with a mark of 90 percent. For an enjoyable evening come out to S.A.M. next week! Tickets will be sold at the door.

support from St. Albert businesses, W.D. Cuts teachers, parents and students was super. The final tally isn't in yet but, it looks to be between \$700 and \$800; all of which is destined for school equipment, supplies and activities.

Modelling by the teachers must have been at par with professionals from comments heard. And the production was equally as good. Reports from Hutching's Shoes and Dori Lynn Fashions are that sales experienced an upswing the following few days. The Denim Den, Sweetheart Jewellery, Milde's Hair Design, Fashion Two-Twenty, Flowers by Barbara Ann and National Music joined the former in supplying fashions and accessories.

Mrs. White commented upon the increased sales at the St. Albert businesses following the show by saying, "many people just go into Edmonton without look-

ing to see what is offered in St. Albert." She didn't say whether she would be co-ordinating another show but, hoped that someone else might take on the task. At any rate she couldn't see one organized before next spring because of the necessary lead time. The committee has a garage sale planned for the fall.

A raffle was held at the beginning of this school year with the proceeds going to the purchase of new books for the library and new uniforms. Mrs. White says that a fund raising committee for the school appears to be a new one for St. Albert, but not so in Calgary where she took part in fund raising for a new school.

Ours' is not to wonder why school should not be more enjoyable. So we have been told.

Let me summarize two of the problems with school as expressed to me by students (not necessarily from Paul Kane).

1. The student is discouraged from asking questions. To me it would seem that the most important factor in enabling a student to learn is curiosity.

2. Inhibition. I see no cause for a student to be afraid to ask questions. Whether they were born with it or had it instilled into them is a problem in itself. These two problems were most widely expressed along with various others which included a simple lack of concern, which brings me to my point.

Where is the incentive to learn? In my opinion, the emotional part of learning has been overlooked and even discouraged.

As growing young adults, it is necessary for students to be reminded that they are individuals. By this I mean, teaching and learning should be conducted on a more human level, as opposed to the mechanical methods in use today.

One argument for the teachers side is that the students have a lack of respect. I do not see age as a reason for respect. A person need not earn my respect, just don't abuse it. If a person is not deserving of my respect they won't receive it.

I'm not putting teachers down, either. Students have got to respect teachers as well.

Without going into whose at fault I would like to suggest that the administrators take the first big step and give their teachers a little respect and freedom of movement. Who knows, the process might continue on down the line. Once there is respect, there is communication and that's where we can begin to improve conditions at school.

Thanks to everyone who donated at the recent blood donors clinic. It was a success.

## Public Utilities Board For The Province Of Alberta

IN THE MATTER OF "The Gas Utilities Act," being Chapter 158 of the Revised Statutes of Alberta, 1970, as amended:

AND IN THE MATTER OF "The Public Utilities Board Act," being Chapter 302 of the Revised Statutes of Alberta, 1970, as amended:

AND IN THE MATTER OF an application by Plains-Western Gas & Electric Co. Ltd. for an Order approving the sale by Plains-Western Gas & Electric Co. Ltd. of its new office building in Leduc.

AND IN THE MATTER OF an application to the Public Utilities Board by Plains-Western Gas & Electric Co. Ltd., the owner of a gas utility for an Order or Orders fixing just and reasonable refundable interim rates to be charged for gas supplied and services rendered to its customers within Alberta.

## Notice of Public Hearing

Plains-Western Gas & Electric Co. Ltd. (hereinafter referred to as "the Applicant") has made applications dated March 1, 1979 and March 21, 1979 to the Public Utilities Board for an Order or Orders of the Board:

(a) pursuant to Section 24(1) (g) of The Gas Utilities Act and Section 87(1) (g) of the Public Utilities Board Act, approving the sale by the Applicant of its new office building in Leduc to its indirect parent, Canadian Hydrocarbons Limited, for approximately \$2,000,000.

(b) fixing and approving an interim increase in its annual rates for 1979 to be effective June 1, 1979. The percentage increase requested varies throughout the several divisions of the Applicant up to a maximum to approximately 11.75 percent.

AND WHEREAS the Board considers that these applications should be heard in conjunction with the Applicant's prior general rate application dated December 28, 1977 already scheduled to commence on April 24, 1979.

NOW THEREFORE TAKE NOTICE that the Board shall hear the aforesaid applications at the Court House, in the City of Edmonton, in the Province of Alberta, commencing on Tuesday, the 24th day of April, 1979 at 9:30 o'clock in the forenoon;

AND FURTHER TAKE NOTICE that any person having an interest in the matter may attend the hearing either in person or represented by Counsel and may make a submission respecting this matter;

AND FURTHER TAKE NOTICE that any interested person may obtain copies of the applications and of the material filed in support thereof by addressing a request to the Applicant at the address given below:

Attention: Mr. W.J. Litvinchuk  
Vice-President and General Manager

**Pastor B. L. Heath  
First Baptist Church**

As we get closer to the great victory of Easter it is interesting to see how Christ spent his last Sunday, Monday and Tuesday. If you had one week to live how would you spend that week? In putting the gospel records together we have this.

**Sunday:**

We have the triumphant entry into Jerusalem. The

children sang Hosanna to the Son of David! Blessed be he who comes in the name of the Lord."

**Monday:**

His authority was questioned. "By what authority are you doing these things?"

Jesus answered them, "I also will ask a question and if you answer it then I will tell you by what authority I do these things. The baptism of John whence was it: From

heaven or from men? They answered we do not know!"

**Tuesday:**

He spoke a few words to a fig tree that bear no fruit and it dried up and died.

He was asked what was the greatest of all the commandments. "YOU shall love the Lord your God with all your heart, and all your soul, and with all your mind. This is the great commandment. And the second is like it, you shall love your neighbor as yourself."

He complimented a widow to His disciples for giving all she had to an offering in the temple.

He pronounced seven woes on religious hypocrites.

1. You shut up the kingdom of God against men.

2. you devour widows houses.

3. you make long prayers.

4. make a proselyte a twofold child of the devil.

5. you swear by the gold of the temple but not by the temple.

6. you tithe and yet leave off judgement and mercy and faith.

7. then clean the outside of the prophet's graves that you killed. You are like the whitewashed tombs, which outwardly appear beautiful,

but within they are full of dead men's bones and all uncleanness. So you also within you are full of hypocrisy and inequity. It is

most significant that at the end of the day a group of Greeks ask one of the disciples, "Sirs, we would Jesus."

## Sacrament of Baptism

Scott George Campbell LaFluer will be presented to the congregation of Braeside Presbyterian Church for Baptism on April 8, 1979 at 11:00 a.m. Scott George is the son of George and Linda LaFluer, brother of Diana, born January 12, 1979 at the Edmonton General Hospital.

The Sacrament of Baptism is of divine ordinance. God our Father, who has redeemed us by the sacrifice of Christ, is also the God and Father of our children. They belong, with us who believe, to the membership of the Church through the covenant made in Christ, and confirmed to us by God in this Sacrament, which is a sign and seal of our cleansing, of our engrafting into Christ, and of our welcome in the household of God. Our Lord Jesus said, Suffer the little children to come unto Me, and forbid them not, for of such is the kingdom of God. Verily I say unto you, Whosoever shall not receive the kingdom of God as a little child, he shall not enter therein. And He took them up in His arms, and put His hands upon them and blessed them. Saint Paul also declared that the children of believers are to be numbered with the holy people of God.

We, as Scott George's parents, through the Sacrament of Baptism, vow to uphold this covenant with God to rear our children "in the nurture and admonition of the Lord." It is our faith that in making it possible for us to have children, God on his part has endowed this new life with an all-important birthright, which is the privilege of a place in the family of God.

## MD Council "bugged" by Gazette story

Members of the municipal council are questioning where the Gazette received certain information. The information was reported in an article which appeared on March 21 and dealt with 'in camera' salary negotiations. Gib Boddez, secretary treasurer, told council that he hadn't found any electronic monitoring equipment in the chambers.

From comments made at the council meeting last Thursday, some council members were noticeably annoyed at the appearance of the article. Councillor Wolanski was quite indignant and questioned not only the source of the information, but also the accuracy of the article.

According to Mr. Boddez the acceptability of council's proposals centered around long term disability insurance information only. Due to the lack of information

available to staff members, the decision has been tabled until April. He stated that if an agreement could have been reached on the insurance portion of the contract, that the entire thing would have been passed at the March 15 meeting.

At the executive meeting held Monday, March 26, the staff brought back two other points for added consideration by the council. They

would like to see the "no-charge" mileage for staff who drive their own vehicles reduced to 100. Three staff members also questioned their pay raises. Council rigidly stuck to their guns and refused the appeals.

Council did not make these decisions behind closed doors, remarking that the press would probably get the information anyway.

## More theft

The Redwater RCMP has received some reports of minor thefts in the past few days. An RCMP spokesman says the thefts involve small pieces of equipment and parts off farm machines. There are no suspects in the incidents, and the detachment is investigating the matters.

Redwater area residents are reminded that it is spring time, and the RCMP will begin heavy and constant patrol of the streets and highways in the area starting this week. "Spring Fever," which drivers seem to get at this time of the year, will be under the watchful eye of the Mounties.

## MD upset with Province's decision

Lawrence Kluthe, acting reeve of the MD of Sturgeon, commented that the MD council could not accept a decision of the recent Minister of Municipal Affairs, Dick Johnston.

Mr. Kluthe's comment was made at the last council meeting, when council was distributed a letter from the Honorable Dick Johnston. The letter was in reply to a letter written by Secretary Treasurer Gib Boddez on January 19. That letter dealt with expected revenues when Division 1 of the County of Thorhild was transferred into the MD of Sturgeon's jurisdiction.

The MD maintains that they should receive compensation for expenditures they incurred servicing that area for the four months at the end of the fiscal year 1977. Council also proclaimed that there had been a verbal agreement between the MD and the Minister.

Dick Johnston's reply told council that after discussing the matter with the Deputy Premier, Dr. Hugh Horner, they had reached the conclusion that although there were some early negative effects on the municipal district from an expenditure point of view, the longer term benefits to the MD are significant and greatly outweigh the initial disadvantage.

He also advised the council that the sum proposed to be shown by the auditor as an

account receivable should be treated otherwise, probably as an accumulated deficit, which could be recovered through surpluses in future years operations.

Council expects to discuss the matter with the new Minister of Municipal Affairs, Marvin Moore at a future meeting.

### M.D. COUNCIL AND BOARD INCOMPATIBLE

By Bob Coles

The new planning act has produced a chasm between the MD Council and the Sturgeon School Board. The point of contention is the portion of the act which states that the 10% dedication for municipal reserve in the old act from the developer of a subdivision would be both school and municipal reserve in the new act. It also says that the school board may take money in lieu of reserves. However, it states that if the school board cannot show need, the reserve reverts back to the municipality.

It is pointed out in the act that the municipal council and the school board should work together on how the reserves are to be developed.

The problem is that with the many small subdivisions springing up all over the municipality, the school board cannot make use of the small reserves as school sites. They could, however, use the money in lieu of for future school sites of proper dimensions.

The Sturgeon School Board has discussed

the situation with the other municipal governments in the MD and believe they have worked out satisfactory verbal agreements with each one. Some of these municipal governments have expressed their concern that the MD should help develop the school sites within the towns and villages, because rural children also use the facilities once they are constructed.

The MD has suggested that they have no intention of contributing to the development of school sites in towns and villages. They also feel the land should be designated municipal reserve with school sites provided to the school board on request.

It is obvious that the two bodies will not be adhering to the portion of the act which suggests the two work out an agreement. Instead it could well be the provincial government who finally sets the matter to rest.

## Recreation News

**LEADERSHIP - NOW LESS THAN EVER?** It is said that rural areas move slowly and are generally opposed to change. With this in mind, one could easily draw the conclusion that rural people are content to participate in the same recreational activities, at the same level, year after year.

It is a popular, but in-accurate assumption. Leisure activities are increasingly becoming a large and important part of the rural Alberta family life. And why not? The country affords a tremendous area and scope for all sorts of recreational pursuits. This is probably the reason that studies show a greater desire for leisure time activities in the area of personal development, fitness, fine arts and crafts.

However, a higher level of leisure pursuits demands a higher supply of qualified instructors, leaders and teachers. The problem is that there are simply not enough people who are willing and able to fill this demand.

There are good leaders, specializing in many of the above mentioned areas, giving invaluable contributions to past and present programs. But ideas and approaches need to be updated in order to keep a subject alive. This also helps to pave the way for new leaders by introducing them to something new and exciting.

Must we continually look toward to urban areas for leadership? We have the necessary funds and resources to develop our own leadership core. All that is needed are people who are willing to give of their time and talents to develop their own creativity and leadership skills. Leaders don't have to be experts; there is always a place to begin and grow. The important thing to remember is that one should never stop growing.

The choice is yours.

**NUTRITION AND FITNESS WORKSHOP** - This workshop is being sponsored by the Department of Extension and will be held on the U of A campus. There is a choice of three dates: April 21 and 22, May 3 and 4 and June 4 and 5. Phone 939-4317 for more information.

### TEARFUL HAPPINESS

With tears rolling down her cheeks, Sara Ducharme manages a smile knowing that she has gained a lot of friends in Morinville after her 10 day stay. Sara was in Morinville as part of a student exchange involving Georges P. Vanier students.

## Teacher wants more exchange trips

Paul Riopel is a teacher with a purpose.

Recently he and 15 Morinville students took part in a cultural exchange with a similar group from Jonquiere, Quebec. While a lot of educators would have accepted the exchange as something of a treat, Mr. Riopel wants and is striving for the whole concept of exchanges to be an interdisciplinary part of the high school curriculum.

Mr. Riopel feels that while a heavy emphasis is put on remedial education, very little effort and money is spent on the more advanced student.

"It's not to say the exchanges will be for rich children," he said, "but rather for the average student who, when properly challenged, will achieve heights not usually attained in normal classroom situations."

One way to do this and assist in making future exchanges educationally useful, would be to set up a program to evaluate exchange goals and set down strict regulations and restrictions for those students interested in participation.

Students would have to take and successfully complete an approved list of courses before becoming eligible for the exchange. The exchange would then serve to tie up the information received and present to the student a complete learning package.

"Although there were no

such guidelines for our exchange, we as a group decided a year before the trip what goals we wanted to achieve." In-depth studies were made related to what the students wanted to see and do. After the exchange there were follow-up exercises to find out exactly what the students got from it.

The learning objectives decided on for the trip were defined within five classifications; linguistic, political, economic, social and cultural.

"A lot of people will get the wrong idea when you mention linguistics and say we are pushing French. Because of the geographic location of the exchange site it was important. But if we had chosen Italy it would have been a different matter." "S

ter." Mr. Riopel finds that administrators and other educators are skeptical of such exchanges as educational aids and he attributes this in part because it is a new concept.

One of the questions that could be raised by those opposing future trips is the cost. However, while he admits this is a factor Mr. Riopel feels it should not be a major deterrent. "There are many programs in our own school and others that use a lot of money for small groups, sports for example. I'm not saying other programs have less worth, I just think there should be a balance."

Mr. Riopel expects opposition from some quarters and says, "I am sure some people will call me an elitist. Because though I believe there is a need for all types of education and I'm not putting down remedial courses, I am trying to heighten others."

"Because some kids are not considered 'problem students' people are fooled into thinking everything is rosy."

This is not the case, said Mr. Riopel.

## Air Cadets on Parade

By Julie Saunders

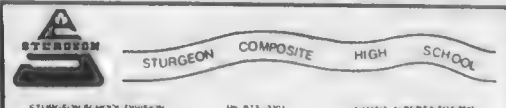

Last Tuesday, after the first hour of regular classes a film on canoeing was shown to all the cadets. It was of particular interest to the dozen and a half cadets who are presently engaged in the canoeing class at the Namoo Pool. This class is held on alternate Sunday afternoons from 4 - 6 p.m.

Captain T. Fletcher had a small but enthusiastic group of cadets at the range in the Bon Accord Community Centre last Sunday morning. At each session, cadets find that there is always some improvement in their ability and that with effort and practice, they really can hit the target. Range is held on alternate Sundays from 10 - 12 a.m.

Preparations are well underway for the weekend at Camp Wright. Cadets will leave Gibbons at 5 p.m.

There will be no parade on April 17, the Tuesday after Easter.

For information regarding air cadets, come to the Gibbons school on Tuesdays at 7 p.m. or phone 921-3518.

## Ladies curling winds up for season

**By Margaret Yacyshen**  
The Morinville Ladies  
Curling Club ended for the  
season last Wednesday eve-  
ning with a presentation of  
awards. Winning the Tues-  
day afternoon league was the

Shelley Parko rink with third  
Andrea Wilson, second Dor-  
een Wills, and lead Cheryl  
LeBlanc. The Wednesday  
evening Grand Challenge  
Trophy went to the Wendy  
Lisowec rink with team

members Margaret Rouss-  
eau, Shelley Buchanan, and  
Ollie York. Runner-up pins in  
the Wednesday league were  
presented to the Margaret  
Yacyshen rink. Hazel Ker-  
ch's team received consol-  
ation prizes in the Tuesday  
league as did Pat Johnson's  
rink in the Wednesday  
league.

Special gift presentations  
were made to past-president

Jeanie Kachman, to secre-  
tary Shelley Parko, and to  
Anne Kryskow for her assis-  
tance with club functions.

This season the Ladies  
Curling Club had eight  
teams participating in each  
of its Tuesday afternoon and  
Wednesday evening leagues.  
Next year the club is hoping  
to add another eight team  
league on a different after-  
noon.

# Report from Morinville Legion Branch No. 176

On March 7 a joint meeting with the men's and ladies branch was held for the installation of officers. Mr. P. Rossiter, district commander, was there to install the men's branch officers. The newly elected officers are: President, Cam Dubord; Secretary, Georgina Davies; Treasurer, Gloria Fingler; Directors: Alan Davies, Pat Hudson, Danny Clarke and Ed Barr. Mrs. Rossiter was on hand to install the Ladies Auxiliary officers. We wish to thank them very much for coming out and enjoyed talking with them again.

Mr. Franks, zone commander, gave a talk on the upcoming rallies in Leduc and Fort McMurray. He expressed his concern that as many members as possible from the Morinville Branch

should make an effort to attend these rallies and any others in the future. We would like to also thank Mr. and Mrs. Franks for coming out.

On March 14 the Ladies Auxiliary had an executive meeting instead of the regular monthly meeting, because of the poor turnout. Discussion centered around money-raising projects for the year ahead. Tabled for later discussion was a Pre-Christmas Bazaar.

It was decided we will have a Spring Tea and Bake Sale on Sunday afternoon, April 8. This would be from 2 - 5 p.m., with tea, coffee, and kool-aid for the children. We will also have strawberry shortcake with our tea. There will not be any admission at the door, but there will be a charge for the refreshments.

Tables will be set up for the bake items and each member is reminded to participate and donate two bake items. There will also be a table set up for memberships if anyone is interested in joining our Branch. Everyone is welcome to come to the Spring Tea and Bake Sale -- bring all your family and let your friends know about it. The sale will be held at the Legion Hall.

Members, PLEASE REMEMBER we always have our regular monthly meetings on the second Wednesday of the month at 8 p.m. in the Legion Hall. We shouldn't have to phone you every time there is a meeting, when it is held the same time every month. However, the April meeting will be moved up one week to April 2 because of Easter preparations and to finalize everything for our tea and bake sale.

From the Men's Branch: Approximately 40 people turned out for the St. Patrick's Day dance on March 17. Music was by the Rocky Mountain Disco and was very good. A grand time was had by all and a cold plate supper put on by the Ladies Auxiliary was enjoyed by everyone.

The Men's Branch have a general meeting on March 21, the third Wednesday of every month. Please give your support by attending these meetings.

## U.C.W.

Namao UCW will meet at the home of Mrs. Barbara Horricks on Wednesday, April 11 at 1:30 p.m. All interested ladies in the community are invited to attend.

## HAPPY BIRTHDAY

Mrs. Ted Samis hosted a

coffee party last week honoring Mrs. Alice McLay, who was celebrating her 70th birthday on March 30. Relatives and friends were present to enjoy the afternoon of visiting and to wish Alice many more happy birthdays. An avid gardener, Alice has brought cheer to many with her beautiful floral arrangements. A surprise guest at the party was Mrs. Esther Miller of White Rock, B.C., who stopped at Namao to visit her family on her way home from Scotland where she cheered on the Sparkes rink from B.C. who were representing Canada.

## BACK HOME

Mr. and Mrs. Chester Crozier, Mrs. Isabel Crozier and Mrs. Alice Crozier have returned from a month's holiday in Waikiki, Hawaii.

The weather had cleared and they enjoyed warm sunny days.

## GET WELL WISHES

Get well wishes go to Mrs. Mel Flemming who is recuperating at home after back surgery last week.

## TEXAS TOUR

Mr. and Mrs. Glen Gabbey and children Paul and Pamela enjoyed a two week motor trip to Dallas, Texas. Interested in the farming country, they saw cotton, peanuts, corn and soya beans growing. They stopped to see friends at Laurens, Iowa who Paul had visited two years ago as a 4H exchange student. Although the weather was cool they enjoyed this trip to the southern States.

student in a normal classroom situation."

Mr. Riopel knows that he will need the support of local administrators and they in turn will need proof of the value of exchanges. Said Mr. Riopel, "We hope we have gone partway in supplying that proof in what we have accomplished."

"We were given a true cultural bath in Jonquiere, approximately 60 percent of the Quebec students played a

musical instrument on an advanced level. They displayed their talents and we were impressed."

Mr. Riopel felt that the students came back from the trip with a greater awareness of another culture different from their own.

"The students came back with questions and began looking for answers. This is the kind of student educators like to see. These kids are the leaders of tomorrow."

the first period.

With a two-goal lead Legal came out strong in the second period with Marc Durocher scoring another two goals. D. Locher - Morinville, also scored two goals in the second period. Denis Rivard - Legal scored ending the period 5-2.

Michael Michalycia scored the only goal to be made during the final period of play, bringing Legal to their victory.

## A few highlights for Frontier Daze

By Patsy Boneham  
Of special interest this year will be the rodeo! This is a new attraction to the fair and should prove to be very entertaining. Ferbey rodeo stock has been contracted and will supply animals and equipment. Bronco riding, chicken scramble, and wild cow milking are just a few examples.

A three year contract has been signed with Wally's Amusements. There was quite a good assortment of rides last year. Ken Ursalak, representing Wally's, feels that three year contracts will enable them to improve the selection of rides and their midway.

Another new form of entertainment will be a "puppet show." Something the children will be sure to enjoy. There also will be the beer gardens, canoe races, bingo, baseball, parade, arts and crafts, VIP dinner, fireworks, souvenirs, concessions, chicken supper and a free breakfast Saturday morning to get things off to a good start.

This is just a brief outline of the Frontier Daze fair and more details will follow. All in all, the fair should appeal to all ages and sexes and be two full days of great fun.

## LEGAL PEEWEES WIN TROPHY

Here they are ladies and gentlemen; the Legal PeeWees and their trophy and big smiles. In the bottom row is Darcy Miller, Gabriel Contant, Ronald Parent, Jim Sawatzky, Lawrence Leguire, Joe Lewis, and Harold Hickie. In the top row is: Ernie Letourneau, Dennis Rivard, Marc Durocher, Michael Michelycia, Duane Lalonde, Donald Cyr, Vincent Vandenhousten, and Coach Richard Vandenhousten. Congratulations fellas!

## New senior citizens lodge opens

Heritage Lodge, the new senior citizens residence in Morinville, opened its doors on Sunday, April 1 and began to accept tenants. The following residents spent the first night at the new Lodge: Mr. Sabourin, Mr. Roy, Mr. Fedechko, Mr. Poutre, Mr.

and Mrs. Savard, Mrs. Houle, Mrs. Lafonde, Mr. A. Perras, Mrs. L. Brenneis, Mr. L. Houle, Mr. A. Lavallee, and Mr. and Mrs. C. Lavoie.

As the Lodge can accommodate up to 44 people, it is expected that more

senior citizens will be moving in over the next period of time. The residence is presently operating under the direction of the administrator, Lita Rolofs.

An official opening will be announced in the near future.

# Gibbons Library News

In spite of the unsettled weather of the last month, we know that spring - and gardening time - is not far away.

The Gibbons Public Library has a selection of books which will help you with your gardening and landscaping, from the planning stage on. "The Prairie Gardener" by H. F. Harp is probably the most useful publication. This book was published here in Alberta and covers pretty well everything you need to know about gardening on the prairies. One chapter is devoted to making a new lawn and gives information on preparing the soil as well as the pros and cons of various types of grasses.

Another chapter discusses hedges, shrubs and trees; others cover flower gardens as well as home greenhouses.

The library also has

volumes 1 and 11 of "10,000 Garden Questions." A team of 20 experts provide answers in these books.

If you are short on garden space you can still grow fresh herbs in a window box. Betty Jacobs' book "Growing Herbs for the Kitchen" describes the correct methods to use. Herbs can also be grown outside and take very little space.

Indoor plants are showing signs of new life with the longer hours of sunlight. A complete guide to keeping them healthy is available in "The Plant Doctor" by Richard Nicholls. Plant diseases and pests, recognizing symptoms of problems and their solutions are all covered in this book. "Hydroponic Gardening" by Raymond Birdwell is available for those who want to try this method of gardening, either

indoors in or greenhouses.

The week of April 2 - 8 is National Book Festival Week -- a good time to come down

and get acquainted with your library. Bring your children on Saturday at 1 o'clock for Story Hour. Michelle Aysan

will entertain them until 2 o'clock. The library will be open Saturday and Wednesday afternoons from 1 to 3

and on Monday, Tuesday and Thursday evenings from 7 to 9.

## Alcomdale News

By Beryl Bailey

With the curling season long finished the Alcomdale Curling Club have been busy painting the lounge of the rink. This time a white ceiling, with peach walls and brown seats. It is all ready for another season ... and looks very nice indeed.

The cabaret and dance held March 24 in the Alcomdale Community League hall was a success though not too large a crowd attended.

The Alcomdale Community League will hold a spring

supper in the Alcomdale Community Hall Sunday, April 22. Tickets may be bought from members and at the door.

The Alcomdale Community League meetings will in future be held the first Wednesday in each month instead of the last Wednesday as has been the practice in recent years. All members please make a note of the change of day.

Mrs. J. Doidge and children motored to Calgary during the school break to see an uncle who was very ill.

When there, met her parents, Mr. and Mrs. Arthur Arnst of Regina who were with other members of her family, present to visit their uncle.

Mrs. J. M. Bailey spent a week at the home of her cousin, Mrs. N. O. Gagne.

Spruce Grove to attend the funeral of Mr. Gagne, who died March 22 in Calgary from a heart attack.

March came in like a lamb and went out like a lion, but a rather quiet one - cold rather than stormy. I hope April will bring forth May flowers.

## Rapeseed protectant

Uniroyal Chemical has introduced a new liquid seed protectant - Vitavax RS Flowable - for rapeseed. Vitavax RS Flowable is unique because it is the only systemic liquid protectant

registered for use in Canada to control flea beetles, pre-emergence damping off, seed decay and Black Leg of seeds and emerging seedlings.

## NOTICE OF THE PUBLIC HEARING WITH RESPECT TO BYLAW NUMBER 16/78 TOWN OF GIBBONS GENERAL MUNICIPAL PLAN

The purpose of Bylaw Number 16/78 is to provide the framework for the effective management and control of the Town of Gibbons' future growth.

The Town of Gibbons General Municipal Plan Bylaw 16/78 describes the land uses proposed for the municipality in and adjacent to the Town and the sequence proposed for future development. The plan also designates the areas of the municipality that would, in the opinion of the Council, be situated for an area structure plan or an area redevelopment plan as defined by The Planning Act, 1977.

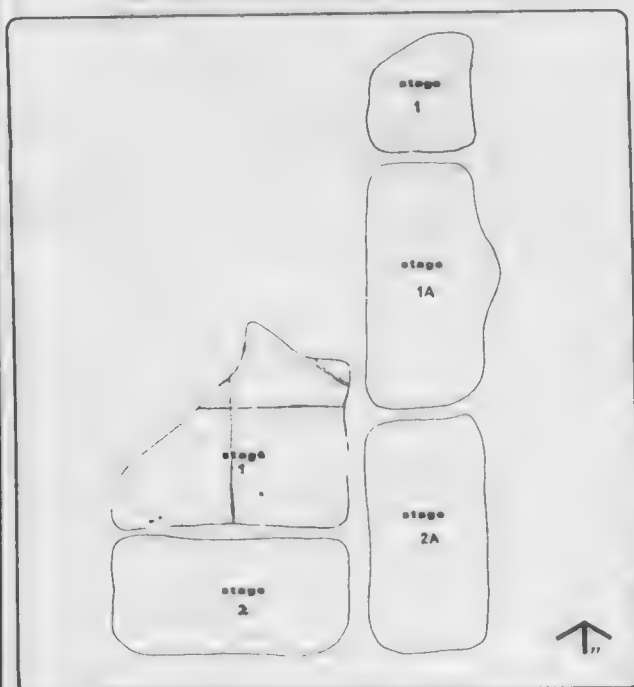

Any person that wishes to make representation to the Town Council concerning Bylaw Number 16/78 shall have the opportunity to do so at the public hearing to be held on Monday, April 30, 1979 commencing at 7:30 p.m. in the Town of Gibbons Council Chambers. Written briefs will be received by Council prior to verbal presentation and must be submitted to the Municipal Administrator on or before April 25, 1979.

Copies of the proposed bylaw and related plans are available for public inspection at the Town Office between the hours of 9:00 a.m. and 5:30 p.m. Monday through Friday.

### ROYAL CURLERS

#### FARMERS' SPIEL

The Farmers' Bonspiel is now over for the season concluding with a wind-up pot luck supper banquet, which was held upstairs in the curling rink. Winners of the event were:

A event winners - Joe Hostyn, Les Isley, Nick Puchalik, Sophie Puchalik.

B event winners - Mike Serink, Henry Hofs, Andy Hood, JoAnne Roe.

Grand Aggregate winners - Pete Visscher, Fran Kampjes, John Kampjes, Edith Visscher.

The supper was a great success and everyone thoroughly enjoyed the presentation of awards.

#### TOPS NEWS

The Tops Club elected and installed there new officers. The leaders elected were leader Konnie Drazik, co leader Francis Kampjes, secretary, Kathleen Moores; treasurer, Shirley Taylor; weight recorder, Gladys McWhirter and Eileen Stinton. The installation was a moving ceremony with the lighting of candles and each newly elected officer pledged her service for the upcoming year. A low calorie luncheon was served to round off the evening. Anyone with weight to lose is invited to attend one of our meetings, which are held every Wednesday at 7:30 p.m. at the Gibbons Sunday School.

#### THANK YOU

Charlotte McLean along with the Busy Bees, Brownies and Girl Guides would like to thank everyone for helping and contributing their papers for the paper drive which was held last week.

## Invitation to Tender Gibbons Recreation Board

Tenders are invited from Community Groups and Private Concerns for the cutting of underbrush, cleaning and general clean-up of Recreation Land on 47 Street West of the Auto Court. To be completed May 1, 1979.

All tenders will be addressed to the Gibbons Recreation Board, Box 164, Gibbons, Alberta, T0A 1N0 and will be accepted no later than April 15, 1979. The Board reserves the right to reject any or all tenders and will not necessarily accept the lowest tender.

7, ticket only \$16 a couple.

#### MINOR SOCCER

Registration for minor soccer will take place on Tuesday, April 10 at 7:30 p.m. in the Art Room of the school, just bring along your child, your A.H.C. or birth certificate, and your registration fee of \$5.

We have four coaches, which means only four teams at this time, we're hoping of course, that on registration

night we will be able to pick up a few more.

#### GENTLEMEN

A reminder to hockey players of the East Sturgeon Gentleman's Hockey League of the dinner and dance slated for April 7 at the Cave in the Bon Accord Arena. Tickets available by phoning Blaine Adams at 921-3952 or Pauline Mansfield at 921-3625.

## Gibbons 4H Light Horse Club News

By Laura Visscher

The club held their last meeting on March 4, at 1 p.m. in Gibbons Hall. The Horse Clinic that was scheduled for March 11 at Excellior Stables ran as scheduled and the members that did manage to attend found the clinic very informative and will most definitely benefit from that in the future. The club's next upcoming event is to be held on April 13, at 1 p.m. at Watt's pasture, this event will be a trail ride, there are many interesting events planned and hopefully everyone in the club will attend. Bowling at the Rosslyn Bowling Centre was also brought to our attention, and anyone wishing to attend should be registered by 10:30 on the morning of Sunday, March 25.

The Horse Show which our club is sponsoring is still going as scheduled. The show will be held on April 29, at the Mrs. Bev Hood residence near Gibbons. If anyone wishes to participate

they should be registered by 9 a.m. sharp. There will be a various assortment of classes ranging from the competitive showmanship class to the fun classes such as back-to-back bareback. You'll have to see it to believe it. These classes will be ranged from 8 and under, 9 - 11 years old, 12 - 14 years old, and 15 and over, there will also be novice classes. It will be open to as many horses as one showman wishes to ride, but only one of those horses will be eligible for the high point trophy, which will be awarded in each age group. Ribbons will be awarded from 1st to 5th place. Good luck to all who participate!

Our next upcoming meeting will be a riding meet and meeting combination at Bev Hood's on April 21 at 1 p.m. Everyone that did not public speak at the last held meeting is expected to speak at this meeting. The club plans to work on showmanship, saddling and bridling techniques. So see you there - don't forget your horse!

# Gibbons Council Briefs

Council is investigating ways and means of cleaning the streets in the paved areas in order to preserve the life of the pavement.

Property owners are being advised by letter to clean up their properties so that we can be proud of our community.

Council is investigating

the possibility of constructing a berm behind the 47 Street and 50 Avenue crescent adjacent to the highway to prevent the noise from the passing traffic.

MARCH 28, 1979

Council has seen fit to send three firemen to the

Fire Training School in Vermilion. These firemen are: Steve Christiansen, Ernie Lulashnyk, Doug Smuland. Steve Christiansen will also be sent to the Instructor's Course in October at Vermilion.

A representative from R. Angus attended the meeting to discuss the purchase of a new grader for the town's use.

A representative from John Deere in Fort Saskatchewan attended the mee-

ting to discuss the purchase of a new street sweeper and tractor for the town's use.

A public meeting will be held on April 30, at 7:30 p.m. in the Council Chambers to discuss the town's General Plan. Watch for advertising

to be done separately.

The finalization of the Tennis Court on top of the Water Reservoir has been turned over to the Recreation Board to finalize the construction of same.

## Gibbons Recreation Board News

The Gibbons Recreation Board has organized a community pot luck supper for Friday, April 20 at 6:30 p.m. in the Rim (school gym).

This event will not only give Gibbons residents the chance to meet with neighbours but will also provide the opportunity for those interested, to become involved in the activities of the Rec. Board. People from the different groups in town will be on hand to answer questions about their activities and a member of the Sturgeon Regional Recreation Council will have an open discussion on the crafts and culture programs to be offered in the fall.

Leadership courses are available through the council for those who would like to share their skills with others.

Following the supper there will be a general discussion

on the 1979 parks development, recreation and sports programs.

Those interested in attending the supper are asked to bring their pot luck dish to

the Rim by 6:30. The Rec Board will supply rolls, coffee and cold drinks.

## VOLUNTEER FIREMEN

Volunteer firemen are required for the Town of Redwater. If you are interested in this area of community service, come on out to one of the meetings which are held every Monday at 7 p.m. at the Fire Hall.

## RECREATION BOARD

The Redwater Recreation Board meets the first Monday of every month in the Council Chambers. New members are needed. If you are interested, please call Tony Flierl at 735-3320.

## GIRL GUIDE TRAINING SEMINAR

Lieutenant Lorrie Ewaskow wishes to thank the Redwater Local Association of Brownies and Guides for making it possible for her to attend the training seminar held in Edmonton this past weekend. She found the seminar very interesting and informative.

## MOVIES

There are movies every Saturday morning at the Redwater Legion Hall starting at 10 a.m. SHARP! "Willie McBean and His Flying Machine" is scheduled for this coming Saturday, April 7. This is an animated feature, 103 minutes long. All profits will go to the Redwater Legion Building Fund. Come one, come all to these good family movies.

At every movie two tickets to the next film are raffled off. Winners so far are: Janet Westwood, Marcel Kuiper, Allison Forsythe and Janice Korpesio.

Brenda Logan and Rhonda Yakabow, two of our guides are working for their service badges by helping out at these shows.

## SOCCER REGISTRATION

Soccer registration for boys ages 6-14 will take place on Thursday, April 5 between 7:30 and 8:30 p.m. at the Redwater Multiplex. Registration fee is \$5.00. For further information please call Tony Flierl at 735-3320 or Bill Timmer at 735-3319.

## LADY BEWARE

"Lady Beware" is a program for women on a commonsense approach against crime. It will be held upstairs at the Multiplex on Wednesday, April 18 at 7:30 p.m. The fee for this course is \$0. Presented by the Redwater RCMP detachment and the Sturgeon Regional Recreation Council.

## DANCE

Come and dance every Friday night at the Legion Hall from 9 p.m. to 1 a.m. to old time variety music by the "Zircos." The cost is only \$10 per couple and dress is casual. Midnight lunch is served. Also, the Legion Hall will be open Saturday night for dancing to recorded music. For more information, call 735-4285, 735-4471, or 735-4375.

## LEGION

The next meeting of the Women's Auxiliary will be Monday, April 16, at 8 p.m. at the Legion Hall. They are looking for new members, so if you are eligible, come on out to the next meeting!

Legion bingo is this coming Thursday, April 5 at the Legion Hall.

Events to look forward to in the near future include "Hawaiian Night" on April 21 and "Variety Night" on April 25. Entertainment for Variety Night will include people from various businesses around town demonstrating their singing, dancing, and acting talents. Profits from this will go to the Redwater Legion Building Fund.

## HAWAIIAN NIGHT

"Hawaiian Night," sponsored by the Legion Women's Auxiliary, is coming April 21. The cocktail hour will be from 6 p.m. to 7 p.m., a hot meal from 7 p.m. to 9 p.m. and a dance from 9 p.m. to 1 a.m. featuring music by the "Zircos." The price of admission is \$10 per person and Hawaiian dress is optional. Novelty prizes will be awarded.

## THANK YOU

The Redwater and Area Ambulance Brigade would like to extend a sincere "thank you" to those members of the Sturgeon Air Cadets Squadron #524 who distributed the Ambulance Brigade circulars.

## SCHOOL DIVISION RATEPAYER MEETING

The annual Sturgeon School Division ratepayer meeting will be held on Monday, April 23 at the Morinville Division office. The opening celebration for the new school division office will be at 8 p.m., with the meeting proper scheduled for 9 p.m. This is your opportunity to meet the new Minister of Education, Dave King, and to take an active part in decisions that affect the schools in Redwater.

## POSTER CONTEST

The Redwater and Area Ambulance Brigade, who recently sponsored a poster

contest at the school for Grades 5, 6, 7 and 8, would like to congratulate the following winners: Dennis Seych and Elizabeth Andrews from Grade 5, Tammy Huillery and Barbara Martinowski from Grade 6, Sheila Wowchuk from Grade 7, and Loreen Kraychy from Grade 8.

Response to this contest was overwhelming, and the selection of prize winning posters was a most difficult task. After much deliberation, judges Mr. Klufus, Ruth Wall and Larry Bilo-deau were able to award the prizes, which were First Aid kits donated by the Ambulance Brigade.

## DON'T FORGET

Something to look forward to an April 27 is the annual Casino Night and Cabaret sponsored by the Redwater Lions Club. This year's proceeds go toward the Red-

water Ambulance. It will be held at the Multiplex and tickets may be purchased from any Lions Club member. Watch for further details in this column next week. Circle the date on your calendar today so you won't forget!

## FARMERS' MARKET

The next Farmers' Market will be held on Saturday, April 21 from 12 noon to 4 p.m. at the Legion Hall. Included this month will be Nellie's pyrogies, Pat's variety houseplants, Mrs. Abel's honey, and Helen's petit point pictures, always a popular item. There will be a good selection of jewellery and handicrafts, and a few surprises as well. The TOPS Club will be featuring a table this month. Back by popular demand is the Tofield Greenhouse, offering a full line of houseplants just in time

for Mother's Day. Rose Strembiski was unable to attend last month's Farmers' Market, but will return this month with her bake sale of prune buns, poppy seed

buns, chiffon cakes, doughnuts, and various pastries. Here is your chance to fill your freezer with these excellent baked goods! You might even win a door prize.

## Bon Accord Art Club News

REMEMBER - this coming Sunday, April 8, 1979 Bon Accord Art Club's Show of Watercolour Paintings will be held at the School Gym 1 to 4 p.m. Everybody welcome!

A special invitation is extended to anyone who is interested in joining the club. In order that next fall's

courses will suit the majority of members, forms will be available at the show to determine the degree of interest in the various courses available.

Someone attending the show will be the lucky winner of a framed landscape in watercolour. Coffee will be served. Silver collection.

## Down Under

The Australian Wheat Board recently sold 2.5 million tons (91,860,000 bushels) of wheat to China.

## Pre-emergent Avadex® BW. Because controlling one growth of wild oats may not be enough.

Avadex® BW works in 7 crops. And it continues to control germinating wild oats in these crops for six to eight weeks after application.

It certainly makes sense that the longer you control wild oats, the more wild oats you'll end up controlling. And the lasting wild oat control Avadex® BW herbicide by Monsanto provides means you can control over 90%\* of these weeds - whether you plant wheat, barley, flax, rapeseed, mustard, peas or sugarbeets.

**Pre-emergent Avadex BW controls wild oats before they break ground.**

Avadex BW offers pre-emergent control because it is absorbed directly by young wild oat shoots - controlling them before they do their worst damage. So with Avadex BW you not only have long-term wild oat control, but you also help prevent wild oats from stealing soil moisture and nutrients from your crops. And the better the conditions your crops have for growing, the better your chances are for higher yields.

This year, consider pre-emergent Avadex BW for controlling your wild oats. It controls them early - and it controls them growth after growth - for six to eight weeks after application.

## Bantam tourney starts tonight

The First Annual St. Albert Bantam A hockey tournament begins tonight at the Akinsdale Arena, with eight teams participating in the first class event. The St. Albert Territorial Leasing Sabres is the host team, with other teams the Maple Leaf Bay Drug Knights from Edmonton, the Knights of Columbus Squires, also from Edmonton; the Saskatoon North Stars, the Kamloops Syd Smith Chevys, the Calgary Red Arrow Colts, the Edmonton Challenger Drilling team, and the Sherwood Park Bumpers.

All the teams in the tournament are coming into the event with impressive won-loss records, with many

of them having suffered from only two or three defeats all season.

The action and calibre of hockey that will be displayed is sure to make this tournament one of the premier bantam tourneys in Western Canada in future years.

A tremendous amount of hard work and preparation has gone into the four day tourney, and the organizers are expecting good crowds to witness the contests.

One game has been scheduled for tonight, and that will see Saskatoon and the St. Albert Territorial Leasing Sabres square off, with game time at 8 p.m.

Thursday, April 5, three games will take place in first

round action, with three others in second round action. The action Thursday will see the Calgary Colts and Bay-Drug face off at 8 a.m., Kamloops versus the K of C Squires at 10:30 a.m., and Challenger Drilling taking on Sherwood Park at 1 p.m.

The finals will go on Saturday afternoon, with the B final at noon, and the A final at 3 p.m.

A banquet and dance will be held on Saturday evening,

featuring guest speaker Randy Gregg, all-star hockey player with the University of Alberta Golden Bears.

The motto of the tourney is "Support your future Stars," and the calibre is such that you may see some of these youngsters playing in the NHL one day.

Maybe it would be a very good idea to catch some of the games, you wouldn't want to miss out on the biggest hockey spectacle this year in St. Albert.

## Record baseball registration

St. Albert Minor Baseball Association's President Lorne Ross has stated that S.A.M.B.A. has just completed a record registration for its 1979 season. The number of teams in each division will be up significantly. Largest increases will

be in the T-Ball and Mosquito division, where there is expected to be in excess of 12 teams in each category.

President Ross states that much of the success of the registration can be attributed to the hard work and good planning of Bert LaBuick, the

1979 registration chairman. Thanks must also go to the Community Services Office, the St. Albert Sportshop and R.M.C. Sportshop all who acted as agents for registration.

The record registration does cause some problems for the league as it places a great deal of pressure on both manpower and finances. Both are required in substantial quantities if S.A.M.B.A., a completely voluntary organization, is to run a successful program for the boys and girls of St. Albert. Those willing to assist directly, or those businesses interested in team sponsorship, are urged to contact Lorne Ross at 458-6403.

Division heads are now sorting out the players and it is anticipated that teams will be picked within the next 7-10 days, with practices starting soon after in anticipation of the April 28 season opening.

S.A.M.B.A. will be holding a meeting April 10 at Ronald Harvey School, and

all interested parties are invited and urged to attend.

## Baseball opening day April 28

The St. Albert Minor Baseball Association has set Saturday, April 28 as the opening day for its 1979 season.

In true baseball tradition opening day will be a gala event to be marked by the third annual opening day parade, opening ceremonies and a full complement of games in all divisions.

Parents of ballplayers and indeed all baseball fans should set the 28th aside and plan on attending the opening day activities.

Final plans for the day will be set at S.A.M.B.A.'s monthly meeting Tuesday, April 10, 8 p.m., at Ronald Harvey School. Anyone wishing to assist in baseball this year is invited to attend.

## Hercules needs coaches

The Hercules Sports Association is ready to begin its 1979 soccer season in a couple weeks, but a desperate shortage of coaches for Mites and PeeWees may force some boys to be disappointed.

The Association said that the house league teams don't take up too much time, just two nights a week, with no games on Fridays, Saturdays or Sundays. Games start at

either 6:15 or 7:30 p.m. If you can help out with some coaching duties, please call Chas Wharton at 459-5970 or Dieter Knobloch at 939-3148.

Hercules final registration is set for Thursday, April 5 at the Wild Rose School on Grenfell Avenue. Time of the registration is 6 to 8:30 p.m. Don't miss it, it's the last chance for registration for soccer and fastball this year.

### STARTING OFF ON THE RIGHT FOOT

This group of boys were out on the Sir George Simpson soccer field Monday night trying out for the St. Albert rep bantam soccer team. Coach Emanuel Viveiros had the youngsters busy with an assortment of drills, including this one. The 1979 soccer season is close at hand, with games to start in a couple of weeks.

## Marty O'Kell On Sports

ENTER THE VOID...it's here, folks. The void is here. Yes, definitely, it has arrived.

No...it's not a scene from a sci-fi movie. The "void" is the period of spring when not much happens in the world of local sports.

Most of the hockey has finished. I can hear some of you now... "Thank God." All the house league teams are hanging up the blades, and some of the rep teams too. Others are winding down their season with provincial playoffs and tournaments.

It was a pretty good winter for St. Albert teams in the world of hockey, many of them were in battles for first place in their respective leagues...some of them did indeed finish first.

I think it's time we stood up and took out "hats off" to the folks involved in the Kinsmen Minor Hockey Association. All the coaches, managers, organizers...and of course, the parents of the kids, who sat in the cool arenas getting num-bum while cheering on their kids team.

The summer sports will be getting into full swing in the next month or so. Soccer will begin in a couple of weeks, and baseball will be starting up in the very near future too. Lacrosse is just around the corner, and outdoor swimming as well.

Can you get the picture? The giant void is here. It won't last too long though. Maybe two or three weeks.

In the meantime, it'll give me a chance to plan some kind of attack. There are many different sports and recreational activities that could use some kind of coverage. In the ensuing summer, the Gazette will try to build up a steady flow of articles and stories on sports other than the big "participation sports."

If you are in a sport that could use some kind of a write-up, give me a call, and we can arrange something.

I DROPPED INTO THE EDMONTON Drillers Soccer Club office last week to see what kind of information and releases they had for media types. My search revealed NOTHING. John Short, Doug Wenschlag and the rest of the crew there were so busy trying to get the newly located franchise set up that they haven't had much time to do anything else. They're working on tables instead of desks, and some phones are still on the floor. In the meantime, the Drillers team has been playing some exhibition encounters, both with some North American Soccer League teams and with some top amateurs in B.C.

An interesting fact is...the Drillers haven't lost a match in the "friendly season" yet. Maybe it's a sign of things to come. While up at the Drillers office, I noticed several of the players were there, bouncing soccer balls off the walls and their heads etc; they seemed to be in jovial spirits, despite the rigorous training that coach Hans Kraay (pronounced CRY) has been putting them through. A list of their roster shows they're a very young team, with the average age set at 24 years old. They have to be in good shape as Kraay's style of game is to have all the players running around the field in a frenzy setting up scoring chances.

In summary...I can't wait to see them in league play, it should be interesting.

I'M GLAD TO SEE CKST has accepted the Gazette's challenge to a softball game. Official scouting reports have it that the CKST Sneakers have two or three sluggers in their line-up. However, we will counter that with superb defensive play.

The game has been set for Sunday, June 10, at the diamond behind St. Albert High School. Rules agreed upon is that there must be three females on the field at all times, all players must be employees of the respective establishments and there can be no more than 351 cheerleaders for each team.

See you at the diamond, Sneakers! And good luck, you'll need it.

# Territorial Leasing Sabres - proverbial March lion and lamb

During the early weeks in March the Bantam A Sabres came into the league and provincial semi-finals like the proverbial March lion but ended the month the same as the lamb.

Defeating Fort Saskatchewan, the Sabres advanced to the finals against Sherwood Park Bumpers, a very strong, well balanced team. Their first encounter took place in the Park on Thursday, March 22. The home team hit the scoreboard first, putting the puck into the net at 16:56 and again at 19:46 of the first period. St. Albert then retaliated at the 12 second mark of the second period with their first goal. But once

again Sherwood Park put on the pressure and at 14:56 scored again making it a 3 to 1 game in their favor at the end of the second period. Both teams came back strong in the third and equally split six goals, making the final score 6 to 4 for the Bumpers.

The second game of the best of three series was played in the Perron Arena on Monday, March 26. This proved to be a no-contest match, the Bumpers came out roaring and by the end of the 60 minutes the Sabres were down by 10 goals, the final score being 11 to 1. But being second best in a league of eight teams is no disgrace and congratulations are to be

extended to both boys and management for a very entertaining year.

In the provincial playoffs, played in Leduc over the same weekend, St. Albert met the Grande Prairie team on Friday, March 23. A very strong hard skating, hitting and determined team came from the north, giving the Sabres a real run for their money. St. Albert began the scoring at the 4:25 mark of the first period but Grande Prairie came on strong putting four goals on the scoreboard before the period was over. St. Albert again scored first in the second period but Grande Prairie put in two more and the

period ended with a 6 to 2 score for the team from the north. The third period saw the Sabres score four goals to the Grande Prairie teams three, resulting in a 9 to 6 victory for Grande Prairie.

Territorial Sabres then had a day off from playing hockey on Saturday but did join in the festivities of a banquet at Leduc in the evening.

The second team the Sabres were slated to meet in the playoffs was none other than the Sherwood Park Bumpers. They met on Sunday, March 25 in a hard hitting, fast moving game. At the nine second mark of the first period Dean Clark put the puck between the

posts. Then at the 12:13 mark he tallied for his second goal. The Bumpers came back at the 15:03 mark for their only goal of the period. The second period saw seven goals scored, three for the Sabres and four for Sherwood Park, tying the game at 5-5. Waiting until the 13:47 mark in the last period St. Albert went on to put two quick goals on the board, the second at 14:59. Holding the Bumpers it looked like a win for the Sabres but at the 19:30 mark Sherwood Park put one between the pipes and 21 seconds later a second goal, giving the teams a 7 to 7 tie. This tie was sufficient though for Sherwood Park to advance onward and to knock the Sabres out. The final game in the playoffs saw the Bumpers trounce Leduc, who had advanced from the other side of the draw, by an 11 to 1 score.

On Tuesday the 27th, the Sabres played host in an exhibition game to a Quebec

bantam team who were participating in a tournament in Fort Saskatchewan. By the end of the three periods of play the Sabres had scored seven goals while Arvidas has put five between the pipes.

Then on to Saskatoon for the Murray McKee Memorial tournament held March 29 to April 1. This tournament is the largest in Western Canada, hosting 16 peewee teams and 16 bantam teams, guaranteeing each team at least three games during the four day event.

The Sabres first encounter was on Thursday against the Saskatoon Mohawks. The games seemed very fast moving as the preliminary games were continuous time for the first two periods of 15 minutes each. Then the third period of 20 minutes was stop time. At the end of the 50 minutes of play the Sabres had defeated the Hawks by a score of 4 to 3. Mike Siebrasse was chosen as the star of the game for the Sabres.

The following day the Sabres were pitted against Lloydminster and this proved to be a no-match game as the Sabres easily outclassed this border city team with a resounding win of 12 to 1. The star of this game was Dean Clark.

This win put the Sabres into the semi finals against the favorites, Swift Current.

In a very close fought game the Sabres and Swift Current were tied three all at the end of regulation time. After a very short break they went into sudden death overtime. Unfortunately for the Sabres two missed calls by the officials resulted in a break-away by Swift Current's top scorer and the latter team came up victorious with a 4 to 3 win. The Sabres star of the game was Mitch Poulin.

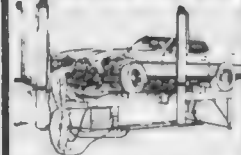

The Territorial Leasing Sabres are now looking forward to their own tournament here in St. Albert, starting tonight in the Akindale Arena. Opening ceremonies are at 7 p.m. with the first game following immediately after which will see the Sabres against the Saskatoon North Stars.

# Sherwood Park nips Pontiacs in seesaw series

The 1978-79 Hwy 14 Juvenile "A" hockey championship goes this year to the Sherwood Park Jets after a hard fought, best of five series with the St. Albert Ron Hodgson Pontiacs.

The Jets nailed down the laurels with a 2-0 home ice victory Friday night in the deciding game of a good, hard played series.

After participation in the

Provincial playoff championship tournament here two weekends ago, both teams entered a possible four games in as many nights situation at the Akinsdale arena on Tuesday, and many wondered who would "run out of gas" first. The Pontiacs came through with home ice wins of 6-5 on Tuesday and 8-3 on Thursday, sandwiched by an 8-3 loss in the Park on Wednesday.

The Jets can attribute their championship to the home ice advantage, which they rightfully gained by edging out the Pontiacs in the regular schedule. Many say home ice is worth two goals in playoff action, and it looks like that theory proved itself once more.

## HARMON FIRES A PAIR

The Pontiacs 6-5 win on Tuesday was a wide open, fast skating affair and

probably the best game of the week.

**JEFF HARMON**  
Four Goal Week

St. Albert skated off after 20 minutes leading 3-2 on goals by Rob Tooth, Kent Middleton and Jeff Harmon. Both teams exchanged markers in the middle frame with Colin Tooth scoring for the locals. After the Park's B. Tradewell tied the match up at four early in the third, Pontiac goals by Keith Heyburn and Harmon gave St. Albert a margin of two which they were able to nurse till the final buzzer.

## JETS TAKE SERIES LEAD AGAIN

The Pontiacs took an early 2-0 lead with tallies from Harmon and Cliff Greening, but the roof fell in on them as the Jets struck for four goals and a 4-2 period lead.

The Park rallied for two more in the second with Colin Parayko the only Pontiac able to blank the red light. Two goals by Jets D. Wagner in the final frame turned the match into a rout.

## RIDDELL'S HAT SPARKS PONTIACS

A three goal effort by Pontiac's Murray Riddell highlighted the St. Albert 8-3 victory, forcing the deciding game.

Harmon gave the locals a 1-0 first period lead before Riddell's second period hat trick sparked the Pontiacs on to a 6-2 sandwich session lead. An unassisted tally by Scott Holliday and Colin Tooth's second of the series rounded out the local scoring. The Jets peppered St. Albert netminder Brent Galbraith in the final 20 minutes, but managed only one marker before Darrel Turnbull and Ken Young salted the victory away.

## JETS NURSE EARLY LEAD

First period goals by Sherwood Park's J. O'Dwyer and St. John were all that was needed by the Jets as they handed the Pontiacs their

first blanking of the season.

The Park's D. Michiels was sharp "between the pipes" as was Pontiacs Scott Gannon, but the Jets just seemed to have the extra legs and put together the best scoring chances.

Fourteen minor and two major penalties were evenly split in the well officiated game.

**PONTIAC PASSES:** Although the Pontiacs came up short in the final match, Colin Tooth ensured they were not losers completely as he won a clear cut, last minute bout against a Jet opponent. However, coach Harmon, who missed the game due to a business trip, is going to wonder how come all that "energy" was evident with no goals on the scoreboard ... Scott Holliday and Darrel Turnbull, up from the midgets for the final couple of weeks, both played impressively, particularly considering they were each returning from major injuries

... If there were a M.V.P. award for the Pontiacs in the finals against the Park, my vote would go to Murray Riddell. With regulars Brad Hancock and Bob Fellows missing on the blueline, Murray logged a lot of ice time along with captain Bob Crawford ... The Jets limited speedy Keith Heyburn to a single goal in the final series, which is definitely below par for him. However, the Park was watching Heyburn pretty close as they had a few bad experiences with his line over the season ... Although nobody is satisfied with "silver medals" and second place finishes, the Ron Hodgson Pontiacs, under the helm of coach Jim Harmon and manager Bob Sage, did have a good season. They did have a lot of talent on the roster, and hopefully those who have played their last year of Juvenile will form the nucleus of a Junior "B" team for St. Albert next season.

# Nu-West ends season with McKee tournament win

After four days of hockey in Saskatoon March 29 to April 1, the Nu-West Canadians wound up the season by taking home the Murray McKee Memorial Cup after a 4-3 win in overtime over the Fraser Valley Winger Club Peewees.

The tournament was a fitting ending of two years of playing together for most of the boys. The nucleus of the team was put together by Coach Ed Rusnak two years ago when he picked an all 11 year old squad. (First year peewees) with the purpose of preparing them to be this year's St. Albert Peewee "A" Representative Club. Ed Rusnak's experiment proved successful as the club

ended up #1 in their league. They captured their league championship, won the Provincial Peewee A championship, won the Murray McKee Memorial hockey tournament and placed between the top 16 teams in the Quebec City International Peewee tournament earlier in the year. The club remained undefeated in all league playoff games. They suffered only three defeats during the last year; their first exhibition game of the season, a loss to Spruce Grove in the Provincial play-down (after winning convincingly in the first of a two-game total goal series) and a loss in Quebec in the third round of elimination.

It's a very outstanding record that should provide food for thought for future representative hockey clubs coaches.

The two year program is not new, but it is new to Alberta and there were difficulties in the first year in relation to finding proper opposition for the team. No other centres supported the idea and therefore no competitive league was available. Mr. Ed Rusnak has stated that he would like to try the same concept next year and hopefully other areas will follow up.

The tournament in Saskatoon was sponsored by the Saskatoon North Stars and was the 12th annual event. It

is considered by many to be one of the major peewee tournaments in Western Canada.

The Canadians qualified to play in the final by eliminating the Saskatoon Aces in the first round played Thursday with a 6-1 score. In round two on Friday, the Canadians were down the Saskatoon club "Imperial 400" and finally showed their superiority when they scored three unanswered goals in the last five minutes of the game after a seesaw battle throughout.

In the semi final against the Swift Current Kinsmen Kings, the Canadians victory after a slow first five minutes was never in doubt. The Kings opened the scoring early in the game when they scored on a breakaway. From that point on the Canadians never looked back and finished the game with a 13-5 score in their favour. Everyone except the goalie got on the scoreboard.

In the final, played Sunday

night, the Canadians met the Fraser Valley Winter Club Peewees. The Fraser Valley Club proved to be a very competitive bunch with some good skaters, good defence and excellent goaltending. (The Fraser Valley's goaltender was elected the most valuable player for the Winter Club).

The first period was scoreless until 10 seconds before the stanza was over when Fraser Valley scored on a powerplay. Scott Neil in St. Albert's net had stopped a shot from the point, but could not hold on to the puck which dropped behind him and was laying inches from the goal line. A Fraser Valley forward made it there first and pushed the puck over.

St. Albert evened the score early in the second period when Emanuel Viveiros picked up the puck after a save by Neil and made a beautiful rush up the ice ending with a backhand through a mass of Fraser Valley players.

Fraser Valley went ahead shortly after when the centre

picked up a loose puck after a faceoff and got a breakaway on which he deked the oncoming Neil and scored in the open net. Before the period was over Todd Carnelley set up Todd Ewen alone with the goalie, and Ewen made no mistake about it when he scored into the open net after going around the outcoming goaltender. The second stanza ended with the score 2-2 tie.

In the third period the Canadians went ahead for the first time in the game when Scott Rusnak rifled the puck past the goalie from eight feet out. With five minutes left on the clock the Fraser Valley club came back with (in the writer's opinion) a questionable goal after they had put on good pressure. The game ended in a 3-3 tie after regular time.

After a two minute break the teams went at it again. Sudden death overtime. The Canadians put on the pressure and kept control of the puck. During a goalmouth scramble Carnelley passed the puck back to Graversen on the blueline. Graversen found Rusnak in the slot with a quick pass. Rusnak fired at the goal but his shot was blocked by the goalie. Rusnak picked up his own rebound and slid it behind only 42 seconds of the overtime. The final score was 4-3.

The closeness of the score did not really indicate the play as the Canadians controlled most of the play and only good goaltending by Fraser Valley and bad luck on shots by St. Albert kept the score close.

The entire Canadian squad put on a whale of a game with the defence coming up big. Bryan Oleson probably played his best game of the season supported by Emanuel Viveiros who played his usual outstanding style. Ole Graversen put in one of his better performances with good aggressiveness. Todd Carnelley played the fourth defenceman part time as only three of the regular defencemen made the trip. Todd Carnelley was voted the most valuable player for the Canadians in this game.

On behalf of players and parents this writer would like to take this opportunity to thank Coach Ed Rusnak, Assistant Coach Darrell Carnelley and Manager Mel Bosch for the many hours they have put in to teach our boys to be better hockey players and sportsmen. Thank you.

# Shaver A Crusaders wrap up season

Saturday, March 11 the Dairy Queen Crusaders travelled out to Legal to meet

Westlock. St. Albert defeated Westlock 16-0 in a very one-sided contest. Jamie "Shaky" McLennan earned the shut-out.

March 24 and 25 the Crusaders were invited to a tournament in Fultonvale.

Fultonvale, Killarney, Thorncliff, Duggan, Sherwood Park, Fort Saskatchewan, Calgary and St. Albert were represented.

In the first game St. Albert defeated Duggan 5-4 in overtime. Both teams played very scrubby hockey as the Crusaders fought from a 4-3 deficit to earn the tie and force overtime. It was obvious tournament pressure affected both teams.

The next day, the Dairy Queen played Killarney in the semi-finals. It was a very exciting game ending in a 3-2 win for Killarney. Again the Crusaders fought back from a 3-1 deficit in outplaying

Killarney, but just ran out of time. A special mention should go to Trevor Robertson who played very well and was chosen the first star in both games. Fultonvale should be congratulated for an outstanding tournament and a first-class affair.

The Dairy Queen, in winning the Shaver A championship this season, compiled a record of 33 wins, 7 losses and 3 ties. In going undefeated in league and playoff action, the Dairy Queen had three players who received individual awards from the league. Jamie "Shaky" McLennan, who allowed three goals in 21

games, received the goal-tending award while Trevor Robertson and Wesley Webber tied for the scoring trophy with 41 points each in 21 games.

Congratulations to the entire Shaver A Dairy Queen Crusaders, parents, and coaches for a fun season. The players on the Dairy Queen team are: Jason Brunetta, Terry Carwell, Willie Failing, Shane "Tank" Fildes, Kevin Gullekson, Peter Johns, Lon Kowalchuk, Albert Laplante, Derek Van Lersberghe, Jamie "Shaky" McLennan, Damien Moroney, Cameron Nuttall, Trevor Robertson, Wesley Webber.

## St. Albert Mites warm up for Saskatoon trip

The St. Albert Tire Uniroyals participated in the annual Spruce Grove Mite A tournament last weekend. It proved to be quite a warm up for their Saskatoon trip this coming weekend.

The first game had the Uniroyals matched with the Spruce Grove B team which was selected from their house league. The Spruce Grove boys played with a lot of desire but could not match

the skating and teamwork of the Uniroyals. The final score Uniroyals 14, Spruce Grove 0. First star was Matt Peskewis and the second David McKinley.

The second game against the Stony Plain Mite A's proved to be a stiffer test than the final score 10-1 suggests, but the Uniroyals took advantage of their chances and advanced to the A final. Matt Peskewis once again was the first star and

Dana Shore the second.

The final against Spruce Grove A was very much the same as the game against Stony Plain with the play being fairly even except around goal where the Uniroyals excelled with some good shooting and making the most of their chances. The final score once again was 10-1 for the Uniroyals. David McKinley was the first star and David Kay the second. David Ridd received the trophy on behalf of the Uniroyals.

Meanwhile The Bay Mite A team also from St. Albert was victorious on the B side of the tournament after losing their first game 7-5 to the Spruce Grove A team. They defeated the Fort Saskatchewan Elks 6-3 in the final with two goals by Billy Gourlay and singles from Mark Johnston, Kevin Welch, Chris Waples and Dale Jones.

Most valuable player awards went to Mark Johnston, Billy Gourlay and Kevin Welch. The boys received a team trophy and individual medals for their win.

We would like to thank the Spruce Grove Minor Hockey Association for a very well organized tournament.

## Bantam Hockey Tournament

... some of the competition

The Kamloops Syd Smith Chevys, under the helm of Gordon Crichton, came in third place in their league, just two points out of second spot. The club plays a well balanced game, and are hopeful of bringing back a trophy to the British Columbia Interior.

A late addition to the St. Albert Bantam hockey tournament is the Edmonton Knights of Columbus Squires. They were added in the wake of the Camrose teams drop-out. The Squires, as all of the K of C hockey teams, are very capable hockey players and very competitive.

The Challenger Drilling Bantam "AA" hockey club compiled a 23 win 6 loss 1 tie record in regular season play in Edmonton. They scored 154 goals, while limiting their opposition to just 43. The Challenger Drilling squad will certainly add an exciting dimension to the first annual St. Albert Bantam hockey tournament, as they play a good brand of defensive hockey. The team, coached by Bob Kachuk, will be hard to score on.

The Calgary Red Arrow Colts are coming into the St. Albert Bantam hockey tournament with an impressive 28-3-1 record in regular season play. Their offensive type of game will certainly keep opposing goaltenders busy, and on their toes. The Colts are coached by Neil Kennedy.

## RMC Saints second in city tourney

The Pee wee BB Saints from St. Albert put on a fine showing in the 16-team Edmonton Northmount Pee-wee tournament this past weekend. RMC lost its first game and then went undefeated to reach the championship final. They lost an 8-7 heartbreaker to the Edmonton Balwin Pee-wee A team to finish in second place.

and came away with a 4-2 win to advance to the B final Sunday. The four Saints goals were shared equally by Brent Webber, Olsen, Mitchell and Holzer.

Todd Cunningham was outstanding in the Saints net as he faced 27 Leduc drives to save the victory. Game stars for St. Albert were Keiser and Mitchell.

### BALWIN BLASTS SAINTS

RMC Saints met the Balwin A team Friday evening to open the tourney. They went down to an 8-3 defeat to drop the Saints to the "B" side. This meant the Saints would have to go undefeated to reach the championship A/B final.

The big gun for Balwin was forward David Pasin, who scored seven goals and notched one assist in leading his team to victory. The St. Albert scoring was handled by Billy Mitchell, Gord Trembath and Darryl Ethier. Engraved medallions were given to the stars after each game, with RMC's Wilf Keiser selected as the top St. Albert player.

### RMC WINS B FINAL

Sunday morning St. Albert came up against CFB Namas in the B side final and came away with a 5-3 win, advancing to the championship final. Once again, the scoring was shared equally among Trent Rees, Ethier, Tim Korz, Keiser and Trembath. Todd Shaw went the distance in goal, facing 29 shots. He was selected first star of the game and received an engraved medallion along with the other star, forward Darryl Ethier.

### SAINTS LOSE CLIFFHANGER

On Sunday evening at the Londonderry arena, the Saints faced the Balwin team again and came out on the short end of an 8-7 score. The Saints gave everything they had, but fell short of ending the Balwin's undefeated season by one goal. The Saints set a good example for the old adage, "it matters not whether you win or lose, but how you play the game," as they fought an uphill battle and never quit until the final whistle. It was a great way to end the season as the boys came together and put on their best team effort of the year.

Rees and Holzer led the Saints by each scoring a pair of goals, with singles going to Bremault, Greg Amyotte and Keiser.

The game went to the final buzzer when Trent Rees notched his second goal to tie the score at 7-7 with two minutes remaining. Unfortunately for the locals, Balwin fought back and scored a powerplay goal with only seven seconds left in the game.

Coaches Ovilla Amyotte and Ed Alpaugh expressed pride in the boys performance and said it made the whole year worthwhile for them.

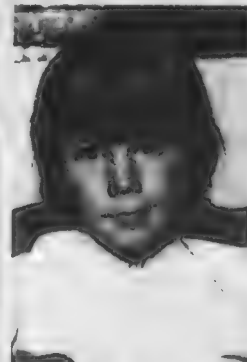

A great individual effort was put out again by Balwin's forward David Pasin, who fired five goals past St. Albert's standout netminder Todd Cunningham. Todd turned aside 40 shots to keep the score close.

Game star picked for St. Albert was forward Trent Rees, who put on an outstanding two-way performance along with the rest of his team-mates.

This now ends a successful season for the RMC Saints players, as they look forward to their season wind-up party next Sunday afternoon. The players also wish to express thanks to all the fans, parents, cheerleaders and accordion players that sang their "fight song" and cheered them on during the final games.

# Fastball Association announces playing dates

The Greater St. Albert Men's Fastball Association has announced this week the days on which their league will play.

The league will play Monday through Thursday nights at Meadowview Park (just off Mission Avenue and the Big Lake Road). All

games will begin at 7 p.m., and according to Danny Woytiuk of the Fastball Association, the event is "the best fastball in town."

Yes, from May 14 to September 1, the sheltered hollow of Meadowview Park will echo with the sounds of fastball, such as "You're

out!" and "Steeerrike!" and "Safe!", along with the crack of the bat as it speeds the round missile to the running fielders. You'll also

hear the loud familiar snap as the speeding fastball hits the catcher's mitt, and the loud cheers as yet another fielder dives and catches that elusive white object.

Eight teams will be playing an 84-game schedule ending on July 28. After a break for the Alberta Summer Games, the playoffs will begin culminating in the last week of August.

The eight teams in the league are the LBH Builders, Territorial Juniors, St. Albert A's, the Ottocrats, Trophy Bank Colt 45's, St. Albert Blues, Namao Trojans and the Industrial Control Services.

In the first year of operation, all eight teams will qualify for the playoffs.

## Territorial Leasing sponsors Junior Fastball

St. Albert's Junior "A" fastball team is pleased to

announce that Territorial Leasing will be sponsoring

the team for the 1979 fastball season. The team will play

under the name of the "St. Albert Territorial Juniors." The Juniors will compete in the newly formed Greater St. Albert Men's Fastball League with all league games being played in St. Albert. The team also competes in the Junior "A" category of the Provincial playoffs.

Norm Spencer and Gerry Buccini will share coaching and managing duties for the upcoming season. Anyone 21

years of age and under is eligible to play for the Juniors. There are a number of positions open as the team will be carrying a number of younger players this year. Fastball experience is not a necessity. There will be a workout tonight, 7:30 p.m. at Lorne Akins Junior High School. If you are interested in playing and cannot attend, contact Norm at 458-0659 or Gerry at 459-7384.

## SAMBA Ladies auxiliary meeting

The annual general meeting of the Ladies Auxiliary of the St. Albert Minor Baseball Association has been set for Thursday, April 5, at the Percy Page Center. Time of the meeting will be at 8 p.m.

The auxiliary is a busy group of ladies who have kids playing minor baseball, helping raise money for

S.A.M.B.A. Last year, the auxiliary ran a concession during the opening day parade, held a bake sale and held a dance in June. Plans for this year will be similar to that of last year's. Money

raised through these ventures will be turned over to S.A.M.B.A.

For more information, you can call Carol Baird at 458-4724.

## Baseball umpires meeting

A meeting for all St. Albert Minor Baseball League umpires is scheduled for Thursday, April 5 at Ronald Harvey School in Lacombe Park. All those wishing to umpire in the 1979 SAMBA season are urged to attend.

Umpires are required for all levels of baseball, T-Ball to midget. This provides new umpires, or those wishing to start umping, an opportunity to gain experience at different levels of ball.

The meeting time is 3 p.m. Those wishing more information can call Lorne at 458-6403.

## Stats and scorekeeping interested?

Who has the most runs? Who has the best batting average? Who has the most hits? Who is the strikeout king?

Would you like to be the authority on all the statistics from the Greater St. Albert Men's Fastball Association? In addition you'll get to make some important decisions, like "is it a hit or an error?"

You'll know who scored the runs, who hit the triple. You'll have good seats at every ball game.

If you would like to become involved call Gene Lytwyn at 459-7074 or 459-3622.

## Sturgeon Fastball meeting

The first meeting of the season for the Sturgeon Valley Men's Fastball League will be held Wednesday, April 11 in Stony Plain at the Decker Insurance Building beginning at 7:30 p.m.

The meeting is to determine which of last year's teams will again be competing and if any new teams wish to join the popular and competitive league.

Selection of officers and directors will also be discussed, as will the league schedule.

## Figure Skating season coming to a close

The end of the winter season has arrived and with it the final test days. The following skaters are to be congratulated on their achievements. Free Skate: Junior Bronze - Sharon Martin and Shelley Oke; Sr. Bronze - Pat MacNamara and Rhonda Eaton. Second Figure - Brooke Barr. Third Figure - Kristina Phillips and Rhonda Eaton. Preliminary Figure - Jana Holth, Jennifer Hancock. Allister Barteski and Johanna Read. First Figure - Barbara Weller and Sharon Martin. Dances: Dutch and Canasta - Sharleen Hoar and Allister Barteski. Swing - Shelley Oke and Jerilyn Kishabeth. Willow Waltz - Christine Dutnall. 14 Step and Fox Trot - Kerri-Lyn MacLeod.

An extra pat on the back to those adults who had the fortitude to try their balance on the blades, to stay with it and even attempt the badge tests. Our hats off to you! Judy Stuttaford achieved 10 badges; Susie Walters, 10; Helen Anderson, 8; Marlene Longerich, 7; J. Rosenthal, 7; Lea De Delage, 7; Cheryl Evans, 3; Elaine Noren, 3; Irene Semotluk, 3; anyone not receiving their gift, please call M. Barr at 459-7319. Congratulations to you all!

The Nationals party was a great success. Marilyn Lambourne and the executive would like to extend a grateful Thank You to all parents who helped to make it so, and also to all those who helped during the year with supervising and telephoning etc.

Joyce Boutette (test day chairman) and Marg Smith (social convenor) along with the executive also extend thanks to those who contributed their time as well as food to help out on test day. Without your co-operation and help in so many ways,

our club would not have been so successful.

The Bursary Skate held last week at Jasper Place Arena was just great! Many compliments were passed on to our line of skaters and their pro, Janet Dutnall. They did exceptionally well.

Reminder: (1) CFSA Pop Concert, April 8, 2:30 - 6:30 p.m. at the Akinsdale Arena. Parents, friends and Nationals are welcome.

(2) Annual general meeting, April 18, 8 p.m. at the Wild Rose School on Grenfell Avenue.

## Fish and Game Association in high gear

The Firearms Safety program, conducted by the St. Albert and District Fish and Game Association, will commence its spring series of classes soon. This program emphasizes the proper use, care and handling of firearms.

Registration will take place at the monthly meeting of the Association, Tuesday, April 10, and also at Grierson Centre, Wednesday, April 11. Grierson Centre is located at 9542 - 101 Avenue. Classes will start on April 11 and will run till June 6, every Wednesday evening from 7 to 9 p.m. Further information can be obtained by phoning Peter Volpatti at 458-8360.

## St. Albert Scuba course

The St. Albert Scuba course begins its next session tonight at the Fountain Park Pool at 7 p.m. The course runs till June 6, then will revert to open water training on either the week-end of June 15, 16, 17 or June 30, 31, July 1.

The cost, including tuition, gloves, scuba gear and tests etc., is \$150. You supply the snorkel gear, medical and gear for the open water training. For further info, call Ron at 458-0079.

Preparations are being made to hold a Hunter Training program sometime in May. Interested people may obtain information from Norm Ross at 465-1833.

Next Tuesday night is meeting night. The program for next Tuesday will feature Mr. Robin Leech, biologist, whose topic will be on smaller invertebrates.

## Sailfish

## Swim Club

## to meet

The annual general meeting of the St. Albert Sailfish Swim Club has been scheduled for Wednesday, April 11, 1979 at the Fountain Park Recreation Centre in the Multi-Purpose Room, commencing at 7 p.m. During this meeting a new club executive will be elected and plans for the coming season will be discussed.

Parents of children interested in joining a competitive swim club are cordially invited to attend. We look forward to renewing acquaintances with the parents of previous years members meeting those who may be joining for the first time.

If you require further information, please contact Don Fry 459-3510.

## St. Albert Fitness & Court Club

Would like to announce the appointment of their new manager/resident pro.

## DON CRAWFORD

Exciting summer programs will be available for adults and children.

Due to our members requests, and upon our new manager's recommendation, our court sessions will now be 1 hour long, with 3 advanced booking privileges.

## Racquet Club hires pro

The St. Albert Fitness and Court Club has recently hired the services of a racquetball pro, to handle instruction and management of the club.

Don Crawford, 28, spent some time at Montreal's Cote de Liesse Racquet Club as a pro, and has been playing racquetball for eight years. Crawford received his Bachelor of Commerce degree at the University of Alberta, where he began taking up the sport.

Don is one of the better racquetballers in Canada, having been ranked second in the country in doubles

with his partner John Robins. In the Canadian Nationals, the two were knocked out in the quarter finals. Don hasn't seen the recent rankings yet, but figures he and his partner are about eighth in the country at the moment. Don also figures he's in the top 10 in singles.

In his role as manager and resident pro, Don will be interested in teaching the game to beginners and juniors, saying "kids aren't given enough opportunity to play racquetball." Teaching younger kids through lessons interests Don, as he believes

that's the best way to develop champion racquet-

DON CRAWFORD

ball players. He also works with the Canadian Racquetball Association, and along with a friend John Van Riper, has been setting up a video cassette instructional system including manual, which is funded by Sport Canada.

The St. Albert Fitness and Court Club will be opening its doors in several weeks. Owners Gladys Smith and Alma Hughes said "We can't wait to get in and get started." The club is nearing the end of construction, and is located on Perron Street, across from the arena.

There will be changes in a

couple of areas regarding booking procedures. Due to members requests and a recommendation from Crawford, court sessions will be

one hour long, plus three advanced booking privileges will be allowed.

## Calahoo Minor Hockey banquet this Friday

The Calahoo Sports Association will hold their annual minor hockey banquet this Friday, April 6 in the arena hall starting at 6 p.m.

Various trophies and awards for the mites, shavers, peewees and bantams will be presented following a sit-down supper.

The senior hockey banquet will be held Saturday, April 28 in the arena hall with a dance to follow.

The annual general meeting of the Calahoo Sports Association will be held on Monday, April 9 at 8 p.m. in the Calahoo Arena. It is most **IMPORTANT** that the residents attend this meeting.

## Friends and Games go hand in hand

There's no question about it: the Alberta Games, whether they be Summer or Winter Games, costs a lot of money and needs a lot of goods to be successful.

The money from the provincial government used for the games goes towards administrative costs, transportation etc., but doesn't cover everything.

Everything else must be donated, or bought at very reasonable prices. That's where the "Friends of the Games" comes into the picture.

Friends of the Games is a concept where local businesses can help out with cash donations, services and supplies, and larger corporations can help out in bigger ways.

The Friends of the Games portfolio is under the directorship of St. Albert Bank of Montreal manager Therien Bennett. Mr. Bennett is ably assisted by Ron Hodgson of Ron Hodgson Pontiac Buick, Barry Miller of the City of St.

Albert, Charlie Cox of Confederation Life, and former broadcaster Bob McCord.

Therien Bennett

The idea behind Friends of the Games is to solicit goods, donations of cash and services, or in some cases, extraordinary deals. The Friends committee works in conjunction with the Alberta Games Society on the bigger companies, such as Coca Cola, Hudson's Bay, Woodward's, Mohawk Oil, Imperial Oil etc. The larger

corporations usually agree to participating in some way with Alberta Games in the future as well.

Mr. Bennett's group must work closely with the other directors on the St. Albert Games Board, as their needs must be known so that the Friends people can approach the right people, and approach them only once.

In past Games, the Friends concept was not handled by one person in particular, but by the different directors soliciting by themselves for themselves.

This is the first time that the Friends of the Games has its own director.

Mr. Bennett noted that businesses in the local area, St. Albert and Edmonton, haven't been approached as yet, because the final budget approvals are going through this week. When that is done, the exact needs of each area will be known, and the Friends of the Games group will know in what direction to

head.

Therien Bennett estimates he has to solicit between \$100,000 and \$200,000 worth of money and goods. And that's a lot of bucks.

Cash donations are an important part of the Friends idea, as staging Games of this magnitude (over 3,000 athletes plus well over 1,000 volunteers) takes a lot of money.

The local business establishments play an important part in the plan, but Mr. Bennett realizes that there is no way St. Albert businesses alone could donate large amounts of money. The larger corporations play a major part in the concept, as they usually donate not only goods and services, but substantial amounts of money as well.

One job the Friends of the Games group must do is keep a record of companies and individuals who provide services, money, goods, etc., and make sure appreciation

is extended.

It's also important to note that the Alberta Games Society is a registered charitable organization, therefore any donations in aid of the Alberta Games is tax deductible.

The real fun has yet to start, when local businesses will receive calls from Mr. Bennett and company. As Therien says, "It's a lot of fun ... but it sure takes up a lot of lunch hours."

## The best seat at the ball game

You've always wanted the best seat at the ball park. You've always wanted to see every pitch, every ball and strike. You've always wanted to get to the game in time.

Now you can enjoy all of those and even get paid.

Umpires are required for the Greater St. Albert Men's Fastball Association. The Fastball League will be utilizing a two umpire system for the 1979 season, so if you're confident behind the plate you can start the season

calling the bases.

Ross Thomas, an experienced umpire of 20 years, has been appointed as the league's Umpire-in-chief and he would like to hear from you. Call him at 489-4392. He'll tell you what it's all about.

Roger Lemieux at 458-2555 or Gene Lytwyn at 459-3622 can also give you more information. Give them a call, you could have an exciting summer.

## St. Albert Tennis Club holding drop in

Members of the St. Albert Tennis Club are invited to attend a "drop-in" at the Grandin Clubhouse on Grosvenor Boulevard, Sunday, April 8, between 2 and 4 p.m. Prospective newcomers are also welcome.

The idea behind the drop-in is to meet the new executive, discuss this year's program, and talk about aims

and objectives along with the changes or proposed changes in this year's format.

Please note that this is not a registration session. Registrations will be detailed in next week's Gazette. Sunday, May 6 at the Mission Tennis Courts has been deemed "Open House," and new memberships to the Club will be accepted then.

## Drillers open Friday in Vancouver

The Edmonton Drillers, newest member of the North American Soccer League will open their first ever season of professional soccer Friday night in Vancouver against the Whitecaps.

Whitecaps lost their opening game March 30 by a 2-1 score to the Dallas Tornados.

The Drillers/Whitecap game will also be televised by CERN-TV live starting at 8:30 p.m. on Channel 3, Cable 2.

It will be the first of 10 games that the Drillers will

be seen on TV with six being away games and the other four at home on a delayed basis.

Al McCann will handle the play-by-play while ex-Black Gold co-owner Brian Rice will be the color commentator.

Drillers will open their home season this Sunday afternoon at 2 p.m. in the magnificent Edmonton Commonwealth Stadium against the Detroit Express, who also dropped their opening contest.

Edmonton will play 15 games at home with week night contests starting at 7:30 p.m. and Sunday afternoons at 2 p.m.

program in 1979

Ducks Unlimited (Canada), the private non-profit waterfowl conservation organization, has announced plans to work on 235 waterfowl management projects during 1979, up from 208 the previous year, in a program involving 500,000 acres of wildlife habitat. The announcement was made by Mr. J. D. McDiarmid, president, following his election at the corporation's annual board meeting held recently in

## Traders capture AJHL crown

The underdog Fort Saskatchewan Traders, led by the five-goal performance of Mike Ferris, hammered the defending champion Calgary Canucks 9-2 Sunday in Calgary in the seventh and deciding game in the best of seven series.

A crowd of about 2,800

took in the game in the beautiful Max Bell Arena in the southern city, with the hopes that the hometown Canucks could come up with their third straight win in a row to capture the prestigious Alberta Junior Hockey League title.

Canucks opened the series

with a 4-3 win in Calgary but then were stunned as the Traders won the next three in a row by scores of 8-6, 4-3 in overtime and then 5-4 to take a three to one lead in games.

Calgary won the next two games with a 5-4 win in Calgary and then tied up the series Friday night in the

Fort with a 7-3 win.

Saturday night was Mike Ferris' evening as he came up with probably the finest performance by any player in the league this season, as he scored five goals and helped out on two others for a seven-point night.

The Traders didn't have

much time to relish their crown, as they travelled to Richmond, B.C., to play the B.C. Junior champs, the Richmond Sockeyes. The Sockeyes won game one of the series 4-2 Monday night, with the second game of the series played last night. Results weren't available at

press time. Game three in the Centennial Cup play-downs is scheduled for Richmond should the Traders tie up the series. The opening game in Fort Saskatchewan will go Friday night, as the rest of the series will be played in the Fort as well.

# Oilers maintain top spot

With this being the last year of operation for the World Hockey Association, the Edmonton Oilers would like nothing more than to have their name inscribed on the Avco Trophy for the first and last time. Friday the NHL and WHA merged with the WHA dropping from the scene after seven years of operation.

The way the team has been playing the last couple of months that dream could very easily occur, as the Oilers are playing a high calibre of hockey and as a result, are all alone in first place in the six-team league.

Risto Siltanen, a recent addition to the Oilers from the Finnish Nationals scored on a shot from the blueline Sunday night with less than five minutes to play to give the team a 5-3 win over the

slumping New England Whalers.

The win for the Oilers, together with a 7-3 loss by the second place Quebec Nordiques to the Winnipeg Jets, moved Edmonton into a three point lead in the WHA standings with the schedule into the last three weeks of play.

Oilers will play their final game of a six-game road trip tonight in Quebec in a game that very easily could determine the eventual first place finisher.

Edmonton currently has played two fewer games than both the Nordiques and the third place Jets, and have one game in hand on the Whalers.

Oilers have 86 points to lead the way while the Nordiques are in the runner up position with 83 followed by

the Jets with 76 points, one more than the New England squad.

The team's next home game will be this Friday against the New England Whalers, who will have Don Blackburn behind the bench as the result of Bill Dineen being relieved of his coaching duties last Sunday.

DAVE DRYDEN

Also scoring in the Oilers win Sunday was Dennis Sobchuk, Stan Weir, Blair MacDonald and Bill Flett. The league's top goaltender, Dave Dryden, was between the pipes for the Oilers and

stopped 29 shots, many of which were labelled. Birmingham Bulls will be here Sunday night while the Jets will fly into town on Tuesday. Oilers will then make their final road trip of the season

with games in Birmingham Friday and Saturday and in New England Sunday. The regular season ends on the 18th with the Jets in Edmonton.

## Ducks

Continued From Page B 24 Winnipeg.

The Ducks Unlimited president said the Board of Directors is concerned about the continuing threat to waterfowl populations in North America resulting from destruction of their breeding and nesting habitat in Canada.

"By the end of 1979, our 41st year of operation, Ducks Unlimited (Canada) will have developed more than 1,700

wetland projects, securing more than 2.7 million acres of habitat for wildlife," said Mr. McDiarmid. "This is a very significant accomplishment, but an enormous amount of work lies ahead, and no single organization can be expected to do it alone. That's why we have been encouraging our Federal Government to work with the United States Government, in concert with private organizations such as Ducks Unlimited, to develop a continental waterfowl management plan."

McDiarmid, who has been

on the Board of Directors of Ducks Unlimited (Canada) for six years, is vice president of Powell Equipment, a Caterpillar dealership located in Winnipeg. Like other directors of Ducks Unlimited (Canada), McDiarmid serves on the Board of the wildlife organization as a volunteer. The purpose of the non-profit group is to preserve, restore, develop and maintain waterfowl breeding and nesting habitat in Canada, on land which is provided free of charge and remains in the possession of Canadian landowners.
